GIRL CLERKS IN REVENUE OFFICE HELP DEMOCRATES

Girl Reporter Calls it Blackjacking

KENYON AND REED DENOUNCE PRACTICE

CHICAGO, Sept. 11.—The senate committee investigating campaign expenditures today wound up a two weeks' inquiry into charges of Governor Cox that the Republican party is seeking a $15,000,000 fund. The sessions also developed testimony bearing upon charges that the Democratic party solicited campaign contributions from federal office holders and accepted unlimited amounts from other contributors.

The committee will meet again on September 22 in either Washington or New York, Chairman Kenyon being empowered to choose the city. Senator Kenyon said that if Washington was selected the witnesses who were to have been heard at a meeting in Pittsburgh will be called to the capital to investigate reports that Pennsylvania interests were taking an active part in financing the Democratic campaign.

Republican plans for a seven day drive for funds in Chicago and testimony that the Democrats had assessed girl employes of the internal revenue office at Aberdeen, S. D., $40 each to help finance the Democratic campaign were the topics of today's inquiry.

Frederick C. Barber of New York, a professional money raiser in charge of the Chicago Republican drive, told the committee he had prepared a card index of about 25,000 prospective contributors including a preferred list of some 700 to 800 each of whom was believed able to give $1,000. Upwards of 3,000 workers will be engaged in the one week's drive, he said, with $500,000 as the goal.

Testimony by Caleb Enix, a local newspaperman, that the Republican national committee had sent out publicity matter giving the Chicago quota as $700,000 led Mr. Barber to say that he had heard other make the same statement but "he let them rave."

His goal he emphasized, was $500,000 and if he raised that amount, he said, he would consider the drive a 100 per cent success.

Revenue Clerks Contribute

Miss Eunoce Coyne, a newspaper reporter in Aberdeen, S. D., and Miss Jessie Burchard, of Minneapolis, a clerk in the Aberdeen internal revenue collector's office told of the Democratic effort to raise money from girl clerks. Miss Burchard said she had willingly donated $40 from her salary of $120 a month after receiving a letter from a Democratic campaign fund raiser requesting her to call at his hotel and "arrange the matter.

About a dozen of the girl clerks went to the hotel, she testified and subscribed $40 each at that time. Some of the girls who did not have that much cash gave post dated checks, she added.

Miss Coyne said she understood the girls who were asked to contribute were all dependent upon their $120 a month salaries, that most of them were living away from home and, because rent and living costs were high in Aberdeen, she "did not believe they could afford it."

Reporter Calls it "Blackjacking"

A newspaper story written by Miss Coyne referred to the money raising among the girls as "blackjacking" and Senator Reed requested an explanation of the term. Miss Coyne said it was a newspaper word synonomous to blackmail.

"You would have used a stronger word if you had thought of it," Senator Kenyon commented.

"If there is any word too strong to be used for this episode, I do not think the English language contains it."

Senator Kenyon characterized the solicitation of funds from girl employes of the government, "as worse in its infamy" than the raising of thousands of dollars from men outside of government circles.

"I agree with you senator," Senator Reed said, "that to levy in any way a political assessment upon a girl working for the government is absolutely inexcussable."

TO MEET IN JOINT SESSION IN 1921

DECATUR, Ill., Sept. 11.—The Illinois Methodist conference and the laymen's association will meet in joint session in 1921, the conference decided this afternoon. A committee of five ministers and five laymen with Bishop Thomas Nicholson acting as chairman will be appointed to prepare the docket and program for the session. This committee is empowered to name another committee assisting of one minister and one layman from each district to decide what business shall come before the session.

VACATION OF MINERS CAUSING COAL SHORTAGE

Production Falls Off Forty Per Cent During Week

SOFT COAL ALSO SHOWS DECREASE

WASHINGTON, Sept. 11—Suspension of work by miners in the anthracite field caused a decrease in production, as shown in loadings of the nine principal carriers, of more than 14 000 cars or 40 per cent, during the week ended Sept. 4.

While anthracite production since aJnuary 1 was shown to be 58,614,000 tons or 4.76 per cent of production for the corresponding period of last year, stocks held by retailers on June 1, amounted to only a two weeks' supply, the report said.

Altho the general strike called in the bituminous field of Alabama had not yet gone into effect, production of soft coal during the week also showed a slight decrease to a total of 11,051,000 tons, falling about three per cent below production for the preceding week.

Late shipments of bituminous coal totalling 1,074,000 tons, fell off 16 per cent, while rail shipments to New England during the week declined more than 1,300 cars, or 23 per cent, the report showed.

M'ADOO DENIES CHARGES OF LODGE

PORTLAND, Me., Sept. 11. — Denial that the league of nations is a union to wage war, as charged by Senator Lodge, was made here tonight by William G. McAdoo in an address at the final Democratic mass meeting in the state campaign. He said there was no foundation for such an assertion and added that if the United States becomes a member the league would be doubly powerful to prevent war.

"Every obligation of god faith to our allies," Mr. McAdoo said, "and every principle and idea for the settlement of international disputes by peaceful methods of which this nation has been the consistent champion for half a century, appeals to the American people to join their power with the great nations of the earth to secure for the first time in human history this great boon of an organization to make the recurrance of war so remote as to be impossible."

POLICE SURROUND SULTAN'S HOME

CONSTANTINOPLE, Sept. 10. —The Yildiz Palace, the sultan's home, was surrounded by police and a crowd of the faithful today preventing the sultan's participation in the mid-day Selamlik services. The precautions were taken thru fear of a plot to assassinate the sultan, a possbile development of an alleged plot in connection with the reported plans of heir apparent, Abdul Medajid Effendi, to escape to Anatolia.

NOT RUNNING FOR GOVERNOR

Thru a typographical error in a display advertisement in the Journal Saturday morning, John B. Seng was made a candidate for governor. Mr. Seng is quite a modest citizen and so doesn't at this time aspire to be chief executive of Illinois. However, he is an active candidate for nomination for coroner and is seeing as many of the voters as possible.

LEAVE FOR LOUISVILLE

Mr. and Mrs. Fred Mollenbrok of Detroit, who have been the guests of relatives in the city, left recently for Louisville, Ky., for a visit with Mrs. Mollenbrok's parents. They were accompanied by Miss Lena Mollenbrok, bookkeeper in the Journal office, and the party will later drive to Detroit. Miss Mollenbrok expects to be away from the city about three weeks.

RETURN ON MOTORCYCLE

Floyd Lashmet of Manchester and Perry Correa of East State street arrived in this city Friday night. They had made the trip from Detroit, Mich., to Jacksonville on a motorcycle. They left Detroit Tuesday afternoon and having fine roads for the most part, made good time. The only mishaps they had were a few spills that did no damage. Both enjoyed the trip and pronounced themselves ready for the year's work at Illinois college.

SHELBY COUNTY MAN BROUGHT TO HOSPITAL

Sheriff William F. Biggs and Deputy Sheriff G. M. Davis, of Shelby county, brought William Smith of Seigel, Ill., to Jacksonville Saturday and placed him in the State Hospital. Smith had shown tendencies which made it necessary that he be brought handcuffed and bound and under close attention.

LIGHTNING STRIKES HOUSE

Lightning struck the house occupied by Fred Jamieson on South East street Friday night. The metre was torn out and some furniture was torn up. The rear end of the house was struck and badly damaged. Mr. Jamieson was in that part of the house at the time and had a very narrow escape.

PRESIDENT HOPES PERSECUTION OF JEWS WILL STOP

Position of Government Outlined in the Matter

SAYS JEWS ARE FAITHFUL TO NATION

NEW YORK, Sept. 11.—This government "most earnestly desires that Jewish persecution be ended in all lands and for all time," President Wilson declared in a letter to Rabbi Stephen S. Wise, dated at the White House September 10, and made public here today by the American Jewish congress.

The letter, which was sent in reply to one from Rabbi Wise, said in part.

"I am deeply moved by the reports which you send me of the trials and sufferings endured by our fellow Jews thruout eastern Europe. No Amemican whatever his racial origin or religious creed, can fail to feel the deepest sympathy with the Jews of Eastern Europe, who continue to bear not only their burden of war but also the sufferings incident to unenlightened and unjust treatment at the hands of governments and peoples.

"I am of the hope that those nations with which our own land holds politicial commerce may do everything in their power to end not only the legal disabilities of their Jewish populations as provided for by the minority peoples clauses of the peace treaty, but all the injustices and wrongs which are laid upon them.

"We know in this country where in Jews of Right enpoys entire equality, haw loyally they serve and how faithfully they support the purposes and ideals of our own nation."

IOWA MINERS REJECT AGREEMENT

DES MOINES, Sept. 11.—Representatives of the United Mine Workers of America, district 13, today rejected the agreement reached by their sub-committee and the Iowa coal operators' wage scale committee last Tuesday relative to the price of powder per keg to the coal miners and the question as to how far back the wage advances recently awarded should be retroactive.

The miners now receive an increase of ten cents a ton for digging coal to miners in the second and third sub-districts and of 33 13- cents a ton to miners in the first and fourth sub-districts.

ELLIS ISLAND CROWDED; TOO MANY IMMIGRANTS

NEW YORK, Sept. 11.—Disruption of passenger schedules was said by steamship men to be threatened by the flood of immigrants flowing into New York so swiftly that Ellis Island cannot accommodate them, making it necessary for hundreds to remain in the steerage several days. More than twenty thousand aliens were brought in this week, but ten thousand of them have not yet been inspected because of inadequate facilities.

COMPLETE BOND FOR I. W. W.'S RELEASE

New York, Sept. 11.—Completion of a $50,000 "blanket bail" fund needed to effect the release of thirty-three Industrial Workers of the World imprisoned at Fort Leavenworth, Kan., was announced here tonight by the American civil liberties union after a conference with William D. Haywood of the I. 7W. W. general defense committe. The prisoners, a statement said, are the last of 101 convicted in Chicago in 1918 on federal conspiracy charges, whose cases have been appealed.

RUSSIAN WOMEN VOLUNTEERING TO FIGHT

London, Sept. 11.—Russian wome nare volunteering to fight against General Wrangel, the anti-Bolshevik leader in South Russia, says a Moscow wireless dispatch just received here. The message reports that a third party of trade unionists who volunteered has been dispatched to the southern front, and that among the party is a large number of women.

MISS AMERICA WINS DETROIT YACHT RACE

Detroit, Mich., Sept. 11.—By a margin of 2-5 seconds the closest finish in the history of the event, Miss America of the Detroit Yacht Club, driven by Gar Wood, defeated Miss Detroit V, of the Miss Detroit Power Association in the first thirty miles heat of the gold challenge cup race this afternoon.

DR. ALTENDORFF ARRESTED

San Antonio, Texas, Sept .11.—Dr. Paul B. Altendorff, who was denied permission to enter the United States by the state department, and who subsequently escaped his Mexican guards at Juarez, Mexico, was arrested here today on a charge of violating the passport control act.

Senator Lodge Attacked On One-Man Government

NAHANT, Mass., Sept. 11. — Senator Henry Cabot Lodge today attacked what he said was the effort of President Wilson to make ours a one-man government. The president's conception of government, he said, is that of the third Napoleon. He charged that the president had established "such a reign of terror over many representatives and senators of his own party that the legislative powers of the constitution granted to congress alone were impaired and distorted."

The navy and war departments, he said, were marked by "a favoritism in appointment on one hand and on the other a vindictive spirit toward officers not liked by the secretaries."

As instances he gave the removal of General Barnett, who was commandant of marine during the war; refusal of President Wilson and Secretary Baker to permit Theodore Roosevelt to raise a division of volunteers, after congress gave the necessary authority; the "treatment of General Wood" and the fact that General Edwards, senior brigadier general when war was declared, after leading the 26th division in action overseas is still the senior brigadier general and recently has been deprived of his command of the northeast department.

"One of the leading demands of the Republican platform and one of the issues which Senator Harding has most strongly emphasized, is that we should bring the government back to the system and the forms of the constitution which we have always followed thus far thruout our history," said Senator Lodge.

LOCAL MARKET OF FOREIGN EXCHANGE LACKS STABILITY

Heavy Offerings Force Sterling Down to Low Point

BANKERS DID NOT KNOW CAUSE

NEW YORK, Sept. 11.—In the face of the largest gold import movement of the year, the local market for foreign exchange was more severely unsettled today. Remittances to London declined to lowest quotations in six months with concurrent weakness of rates to leading continental European points.

Heavy offerings of bills forced sterling down to 349¼, or 2 1-2 cents under yesterday's best quotation and some ten cents under that of a few weeks ago.

Today's minimum price is the lowest for British exchange since the early part of last March, but considerably above that of February 4th, when the British rate fell to 318, as against a normal or pre war rate of approximately $4.86.

Bankers professed to be without information as to the cause of the reaction but the serious industrial unsettlement in England and Italy was regarded as a more than sentimental factor.

CONTINUE PICKETING OF STEAMSHIP PIERS

NEW YORK, Sept. 11.—Picketing of steamship piers continued today with an outbreak of violence attributed by the police to friction between longshoremen striking in sympathy with Archbishop Mannix and Terence MacSwiney and negro strike breakers.

While members of the American women's pickets were operating at the pier where a force of negroes were unloading the liner Adriatic, whites and negroes clashed several blocks away. Several shots were fired ineffectively and one bystander is known to have been injured by flying missiles. Stones, clubs and fists were used freely by a half hundred combatants.

MEETS DEATH WHILE BRIDE LOOKED ON

Glenwood Springs, Colo., Sept. 11.—Eugene McCraney, 28, of Joliet, Ill., here on his honeymoon, met death today in a swimming pool while his bride looked on. McCraney was endeavoring to slide down an incline into the water while standing. Half way down he lost his balance and fell into the pool sinking to the bottom. He sustained injuries from which he died an hour later.

WILL INVESTIGATE TROLLEY CAR ACCIDENT

New York, Sept. 11.—Investigation of the collision today between two trolley cars of the Brooklyn Rapid Transit company in which Quon Hoo, a Chinese, was killed and 65 persons injured —the second accident in two days —will be started by Public Service Commissioner Louis Nixon on Monday, he announced tonight. It was reported that the air-brakes of one of the cars showed signs of having been tampered with.

ALASKA CAN PRODUCE MANY TONS OF PAPER

Washington, Sept. 11.—Alaska forests contain a complete answer to the American newsprint shortage in the opinion of Colonel W. B. Greeley, chief of the forest service, who has just returned from a month's inspection of timber and power resources of the Tongass national forest. Alaska can produce 1,500,000 tons of paper annually "in perpetuity," according to Colonel Greeley.

CLAIM U. S. ATHLETES HAD POOR TREATMENT

New York, Sept. 11.—Gross neglect by the American Olympic committee of the welfare of the United States team on its way to Antwerp, while there and on its way home, was charged by athletes arriving here today on the transport Sherman from Belgium. Dismissal of the committee will be demanded, they told newspapermen.

GIRL RUNS AWAY; POLICE STATION; THEN BACK HOME

Cuts Off Hair, Puts on Overalls and Gets Job

FARMER EMPLOYER TURNS HER IN

GLOUCESTER, Mass., Sept. 11. Mrs. Stoughton A. Fletcher, of Indianapolis, tonight took her 17 year old daughter, Louisa, from the detention room at the Gloucester police station back to the family summer cottage at East Gloucester, from which the girl fled Thursday because she was tired of being a "poor little rich girl."

Miss Fletcher was found this morning dressed in male attire working on a farm near Ipswich. When brought to this city she told the police that she had left home because she had decided to get a job and make her own living. She obtained a pair of overalls, cut her hair and rowed across Gloucester harbor.

After being refused a berth on a fishing schooner, Miss Fletcher came ashore and began a search for work. She said she spent Thursday and Friday night in a barn. It was not until this morning that she was hired by a farmer, who later became suspicious of her appearance and notified the police.

TWO PERSONS LOST LIVES IN CLOUDBURST

COLUMBUS, O., Sept. 11.—Two persons lost their lives in a cloudburst in the northeastern part of Ross county late today, and several others had narrow escapes from drowning. The dead are Miss Rebecca Pritchard and Ebb Speakman both of Pike Run.

A surrey in which Miss Pritchard and Speakman with other members of the Pritchard family were returning from a picnic, was overwhelmed by th rushing waters when caught in a gorge on Brimstone creek. Other occupants of the vhicle escaped.

PISTOL DUEL FOUGHT IN RAILROAD STATION

NEW YORK, Sept. 11.—Crowds of suburban residents rushing for last trains at Grand Central station early today scurried for cover during a pistol battle between Jacob Mendel, station restaurant proprietor and three men who had knocked him down taking his day's cash, $2,-500.

Two of the men, after their weapons had been emptied, were arrested, and the third calmly left the station among the scores of police who were called.

PRESIDENT WILSON MAKES APPOINTMENT

WASHINGTON, Sept. 11.—President Wilson today appointed Mabel T. Boardman, for many years a member of the executive committee of the American Red Cross to be a commissioner of the District of Colubia effective Wednesday. The appointment makes Miss Boardman the first woman to be a member of the commission which directs the entire governent of the District.

M'CORMACK'S CONCERT BREAKS UP IN ROW

Adelaide, South Australia, Sept. 11.—The concert given here Thursday evening by John McCormack, the noted tenor, was broken up by a demonstration, a part of the audience rising and singing the British national anthem and some of them shouting that McCormack was a Sinn Feiner.

Mr. McCormack has cancelled the other concerts he was to have given in Adelaide.

The audience, it appeared, resented the omission of the anthem from the program

CONDITION OF THE LORD MAYOR OF CORK BELIEVED CRITICAL

Impression is Death May be Expected at Any Hour

CONDITION OF HUNGER STRIKERS UNCHANGED

LONDON, Sept. 11.—The Lord Mayor of Cork is in a very exhausted condition. He is still suffering severely in his head and his body but is still consicious.

This bulletin was issued at 10 o'clock tonight and the general impression is that Terence MacSwiney's death is expected at any hour. The police guard about the prison was doubled tonight.

While a fortnight ago crowds of Irish people hung about the prison all day, the numbers have gradually dwindled, and tonight no more than a dozen persons congregated, outside of reporters. Masses will be said in many Irish churches tomorrow if Mayor MacSwiney is alive. Thus for there have been no masses for him in the English Catholic churches.

Condition Unchanged.

Cork, Sept. 11.—(By The A. P.)—The condition of the hunger strikers in the Cork jail is reported to be relatively unchanged. Sean Hennessy the 19 year old hunger striker, regained consciousness during the night but quickly relapsed into a state of coma.

Hennessy's father today told Harold Barry, former high sheriff of Cok, who has been making effeorts to save Hennesy's life that he had altered his decision to permith the nuns attending Young Hennessy under doctor's instructions to administer restoratives and that nothing is now being done to prolong his son's life.

Mr. Barry has not received a reply to messages he sent to Premier Lloyd George in which he told the premier that he could furnish proof of Hennessy's innocence.

ENGLAND MAY REDUCE SUGAR RATION

LONDON, Sept. 11.—Announcement is made by the food controller that in the event of the coal miners going on strike the weekly sugar ration will be reduced from twelve to six ounces per head.

To guard against an actual food shortage, should the strike materialize, steps will be taken as required to restrict the consumption of meat, bacon, flour and milk. As a measure of public safety the food controller declared the government would ration the whole country if it became necessary.

TRADES UNION CONGRESS ADJOURNS

PORTSMOUTH, Eng. Sept. 11. —The Trades Union Congress concluded its sessions eher today without any attempt at intervention in the coal crisis. Most of the labor leaders including the miners' delegates, left by afternoon trains, and the scene of operations again will be transferred to London where the miners' executive will meet early next week.

The triple alliance, composed of the miners, railway men and transportation workers also will be called together again, it is stated, before the miners notices expire on September 25.

ABANDON SEARCH FOR MISSING MEN

HONOLULU, Sept. 11.—Search for Lieutenant R. R. Fox of New York and Corporal H. J. Cornet of Spencer, Pa., of the army aviation corps at Luke Field in these Islands, who last were seen in their plane diving into a cloud bank over the Island of Malokai two weeks ago has been abandoned.

The plane is believed to have crashed in the Molokai Hills or have been lost at sea.

LETTER COMES ADDRESSED TO THOMAS JEFFERSON

Washington, Sept. 11.—Secretary Colby received today from Bombay, India, a letter addressed to "Thomas Jefferson, Late Secretary of State and Master of Patents." The writer desired information as to the process of feeding "patrol" petrol into an engine. A personal reply from Jefferson was requested. The letter was sent by Secretary Colby to President Wilson as a curiosity.

PROHIBITION TAKES PLACE DOWN STAGE IN COX CAMPAIGN

Governor Says He Knows When an Event Has Passed By

SPENDS BUSY DAY IN WASHINGTON

SEATTLE, Washn., Sept. 11.—Prohibition, the great silent topic of the campaign, came openly into the presidential campaign here tonight at the meeting of Governor Cox of Ohio, Democratic presidential candidate. The governor after an introduction to a large audience here at the arena, in which his sponsor, George C. Cottrill, Democratic candidate for United States senator denounced assertions that the candidate was a "wet" made the following declaration.

"As a progressive in government, I know when an event has passed by and become a part of yesterday. The reactionary rarely does. The friends of world peace and the friends of progress will win this election and attempt to divide them on any question not an issue will be unavailing."

Mr. Cotrill declared that Governor Cox's record in Ohio included a "Sunday saloon closing law and general moral leadership."

The charges against the governor, he said, were partisan politics.

His Seattle speech was the climax of Governor Cox's Washington campaign. Starting at Bellingham, early this morning, upon arrivial from Walla Walla, the governor made three other speeches today despite the handicap of severe hoarseness, at Mt. Vernon and Everett.

Governor Cox left tonight for Portland.

GERMANS CURED OF BOLSHEVISM

SWINEMUND, Prussia, Sept. 11.—(By The Associated Press). —"Cured of Bolshevism" was the unanimous sentiment of seventy German workmen constituting part of a company which emigrated to Soviet Russia two months ago and who have arrived here aboard the steamer Regina. The men returned from Kolomna near Moscow, where they wereassigned to factory jobs. They were expected to subject themselves to a rigorous communistic mode of living, including a diet of bread which they declared looked like peat, and contained chaff and unmilled grain. Other Germans in the original party were obliged to remain behind as they were too ill to travel

Christiensen, Farmer-Labor candidate for president, scheduled to speak at the Minnesota state fair today, refused to do so because he would not be permitted to discuss politics. The three other candidates who spoke at the fair this week did so under the same ban on politics it was said.

HARDING CHARGES DEMOCRATS WITH PRODIGAL WASTE

Promises Return to Area of Sober Business

DECLARES CONSPIRACY OF PERFECT ACCORD

MARION, O., Sept. 11.—An end of governmental "meddling and bungling" in the financial world and a return to an area of sober business" was promised by Senator Harding today in addresses to several delegations of business men from Indiana, Illinois and Michigan.

Charging the Democratic administration with prodigal waste in the conduct of its fiscal affairs and dictatorial intrusion in its relations with private enterprise, the Republican nominee declared it was his purpose to wipe out many war time government restrictions and to re-establish cooperation between government and business. In re-organization of the goverenment's own financial system, he said, he would seek the advice of the nation's ablest administrators.

Conspiracy of Perfect Accord.

Revision of taxation and of the tariff, curtailment of profiteering, establishment of a federal budget system, re-organization of the postal service and promotion of a merchant marine were among the remedies he named specifically. He declared "a conspiracy of perfect accord' between the administration and the Democratic nominee was seeking to perpetuate the war powers exercised by the executive over private business.

The senator also touched on the league issue, declaring a discrepancy between the English and French texts of the covenant would have led to complications which in the practical working of the league would have meant entire abandonment of the Monroe doctrine.

Plan Speaking Trips.

Tentative plans for speaking trips by the candidates to both coasts have reached the stage, it became known here today, where an itinerary of cities is under discussion.

The western swing would come first, beginning probably about Sept. 27 and the visit to eastern cities would follow in late October.

A saxaphone quartette from South Bend also helped jazz up the program today and a part of the ceremonies was the presentation of a cornet made in South Bend to the candidate.

"One has to blow his own horn in the world," said the senator in a speech of thanks, "but I don't like the man who blows his horn too bluntently. When I was a member of the band we always had to stick to the tune. In the campaign I want to stick to the tune, and I want that tune to be the one that was so beautifully rendered just now—America First."

GIRL CLERKS IN REVENUE OFFICE HELP DEMOCRATES

Girl Reporter Calls it Blackjacking

KENYON AND REED DENOUNCE PRACTICE

CHICAGO, Sept. 11.—The senate committee investigating campaign expenditures today wound up a two weeks' inquiry into charges of Governor Cox that the Republican party is seeking a $15,000,000 fund. The sessions also developed testimony bearing upon charges that the Democratic party solicited campaign contributions from federal office holders and accepted unlimited amounts from other contributors.

The committee will meet again on September 22 in either Washington or New York, Chairman Kenyon being empowered to choose the city. Senator Kenyon said that if Washington was selected the witnesses who were to have been heard at a meeting in Pittsburgh will be called to the capital to investigate reports that Pennsylvania interests were taking an active part in financing the Democratic campaign.

Republican plans for a seven day drive for funds in Chicago and testimony that the Democrats had assessed girl employes of the internal revenue office at Aberdeen, S. D., $40 each to help finance the Democratic campaign were the topics of today's inquiry.

Frederick C. Barber of New York, a professional money raiser in charge of the Chicago Republican drive, told the committee he had prepared a card index of about 25,000 prospective contributors including a preferred list of some 700 to 800 each of whom was believed able to give $1,000. Upwards of 3,000 workers will be engaged in the one week's drive, he said, with $500,000 as the goal.

Testimony by Caleb Enix, a local newspaperman, that the Republican national committee had sent out publicity matter giving the Chicago quota as $700,000 led Mr. Barber to say that he had heard other make the same statement but "he let them rave."

His goal he emphasized, was $500,000 and if he raised that amount, he said, he would consider the drive a 100 per cent success.

Revenue Clerks Contribute

Miss Eunoce Coyne, a newspaper reporter in Aberdeen, S. D., and Miss Jessie Burchard, of Minneapolis, a clerk in the Aberdeen internal revenue collector's office told of the Democratic effort to raise money from girl clerks. Miss Burchard said she had willingly donated $40 from her salary of $120 a month after receiving a letter from a Democratic campaign fund raiser requesting her to call at his hotel and "arrange the matter.

About a dozen of the girl clerks went to the hotel, she testified and subscribed $40 each at that time. Some of the girls who did not have that much cash gave post dated checks, she added.

Miss Coyne said she understood the girls who were asked to contribute were all dependent upon their $120 a month salaries, that most of them were living away from home and, because rent and living costs were high in Aberdeen, she "did not believe they could afford it."

Reporter Calls it "Blackjacking"

A newspaper story written by Miss Coyne referred to the money raising among the girls as "blackjacking" and Senator Reed requested an explanation of the term. Miss Coyne said it was a newspaper word synonomous to blackmail.

"You would have used a stronger word if you had thought of it," Senator Kenyon commented.

"If there is any word too strong to be used for this episode, I do not think the English language contains it."

Senator Kenyon characterized the solicitation of funds from girl employes of the government, "as worse in its infamy" than the raising of thousands of dollars from men outside of government circles.

"I agree with you senator," Senator Reed said, "that to levy in any way a political assessment upon a girl working for the government is absolutely inexcusable."

TO MEET IN JOINT SESSION IN 1921

DECATUR, Ill., Sept. 11.—The Illinois Methodist conference and the laymen's association will meet in joint session in 1921, the conference decided this afternoon. A committee of five ministers and five laymen with Bishop Thomas Nicholson acting as chairman will be appointed to prepare the docket and program for the session. This committee is empowered to name another committee consisting of one minister and one layman from each district to decide what business shall come before the session.

VACATION OF MINERS CAUSING COAL SHORTAGE

Production Falls Off Forty Per Cent During Week

SOFT COAL ALSO SHOWS DECREASE

WASHINGTON, Sept. 11—Suspension of work by miners in the anthracite field caused a decrease in production, as shown in loadings of the nine principal carriers, of more than 11 000 cars or 40 per cent, during the week ended Sept. 4.

While anthracite production since aJnuary 1 was shown to be 58,614,000 tons or 4.76 per cent of production for the corresponding period of last year, stocks held by retailers on June 1, amounted to only a two weeks' supply, the report said.

Altho the general strike called in the bituminous field of Alabama had not yet gone into effect, production of soft coal during the week also showed a slight decrease to a total of 11,051,000 tons, falling about three per cent below production for the preceding week.

Late shipments of bituminous coal totalling 1,074,000 tons, fell off 16 per cent, while rail shipments to New England during the week declined more than 1,300 cars, or 23 per cent, the report showed.

M'ADOO DENIES CHARGES OF LODGE

PORTLAND, Me., Sept. 11. — Denial that the league of nations is a union to wage war, as charged by Senator Lodge, was made here tonight by William G. McAdoo in an address at the final Democratic mass meeting in the state campaign. He said there was no foundation for such an assertion and added that if the United States becomes a member the league would be doubly powerful to prevent war.

"Every obligation of god faith to our allies," Mr. McAdoo said, "and every principle and idea for the settlement of international disputes by peaceful methods of which this nation has been the consistent champion for half a century, appeals to the American people to join their power with the great nations of the earth to secure for the first time in human history this great boon of an organization to make the recurrance of war so remote as to be impossible."

POLICE SURROUND SULTAN'S HOME

CONSTANTINOPLE, Sept. 10. —The Yildiz Palace, the sultan's home, was surrounded by police and a crowd of the faithful today preventing the sultan's participation in the mid-day Selamlik services. The precautions were taken thru fear of a plot to assassinate the sultan, a possbile development of an alleged plot in connection with the reported plans of heir apparent, Abdul Medajid Effendi, to escape to Anatolia.

NOT RUNNING FOR GOVERNOR

Thru a typographical error in a display advertisement in the Journal Saturday morning, John B. Seng was made a candidate for governor. Mr. Seng is quite a modest citizen and so doesn't let this time aspire to be chief executive of Illinois. However, he is an active candidate for nomination for coroner and is seeing as many of the voters as possible.

LEAVE FOR LOUISVILLE

Mr. and Mrs. Fred Mollenbrok of Detroit, who have been the guests of relatives in the city, left recently for Louisville, Ky., for a visit with Mrs. Mollenbrok's parents. They were accompanied by Miss Lena Mollenbrok, bookkeeper in the Journal office, and the party will later drive to Detroit. Miss Mollenbrok expects to be away from the city about three weeks.

RETURN ON MOTORCYCLE

Floyd Lashmet of Manchester and Perry Correa of East State street arrived in this city Friday night. They had made the trip from Detroit, Mich., to Jacksonville on a motorcycle. They left Detroit Tuesday afternoon and having fine roads for the most part, made good time. The only mishaps they had were a few spills that did no damage. Both enjoyed the trip and pronounced themselves ready for the year's work at Illinois college.

SHELBY COUNTY MAN BROUGHT TO HOSPITAL

Sheriff William F. Biggs and Deputy Sheriff G. M. Davis, of Shelby county, brought William Smith of Seigel, Ill., to Jacksonville Saturday and placed him in the State Hospital. Smith had shown tendencies which made it necessary that he be brought handcuffed and bound and under close attention.

LIGHTNING STRIKES HOUSE

Lightning struck the house occupied by Fred Jamieson on South East street Friday night. The metre was torn out and some furniture was torn up. The rear end of the house was struck and badly damaged. Mr. Jamieson was in that part of the house at the time and had a very narrow escape.

PRESIDENT HOPES PERSECUTION OF JEWS WILL STOP

Position of Government Outlined in the Matter

SAYS JEWS ARE FAITHFUL TO NATION

NEW YORK, Sept. 11.—This government "most earnestly desires that Jewish persecution be ended in all lands and for all time," President Wilson declared in a letter to Rabbi Stephen S. Wise, dated at the White House September 10, and made public here today by the American Jewish congress.

The letter, which was sent in reply to one from Rabbi Wise, said in part.

"I am deeply moved by the reports which you send me of the trials and sufferings endured by our fellow Jews thruout eastern Europe. No Amemican whatever his racial origin or religious creed, can fail to feel the deepest sympathy with the Jews of Eastern Europe, who continue to bear not only their burden of war but also the sufferings incident to unenlightened and unjust treatment at the hands of governments and peoples.

"I am of the hope that those nations with which our own land holds politicial commerce may do everything in their power to end not only the legal disabilities of their Jewish populations as provided for by the minority peoples clauses of the peace treaty, but all the injustices and wrongs which are laid upon them.

"We know in this country where in Jews of Right enpoys entire equality, haw loyally they serve and how faithfully they support the purposes and ideals of our own nation."

IOWA MINERS REJECT AGREEMENT

DES MOINES, Sept. 11.—Representatives of the United Mine Workers of America, district 13, today rejected the agreement reached by their sub-committee and the Iowa coal operators' wage scale committee last Tuesday relative to the price of powder per keg to the coal miners and the question as to how far back the wage advances recently awarded should be retroactive.

The miners now receive an increase of ten cents a ton for digging coal to miners in the second and third sub-districts and of 33 13- cents a ton to miners in the first and fourth sub-districts.

ELLIS ISLAND CROWDED; TOO MANY IMMIGRANTS

NEW YORK, Sept. 11.—Disruption of passenger schedules was said by steamship men to be threatened by the flood of immigrants flowing into New York so swiftly that Ellis Island cannot accommodate them, making it necessary for hundreds to remain in the steerage several days. More than twenty thousand aliens were brought in this week, but ten thousand of them have not yet been inspected because of inadequate facilities.

COMPLETE BOND FOR I. W. W.'S RELEASE

New York, Sept. 11.—Completion of a $50.000 "blanket bail" fund needed to effect the release of thirty-three Industrial Workers of the World imprisoned at Fort Leavenworth, Kan., was announced here tonight by the American civil liberties union after a conference with William D. Haywood of the I. 7W. W. general defense committe. The prisoners, a statement said, are the last of 101 convicted in Chicago in 1918 on federal conspiracy charges, whose cases have been appealed.

RUSSIAN WOMEN VOLUNTEERING TO FIGHT

London, Sept. 11.—Russian wome nare volunteering to fight against General Wrangel, the anti-Bolshevik leader in South Russia, says a Moscow wireless dispatch just received here. The message reports that a third party of trade unionists who volunteered has been dispatched to the southern front, and that among the party is a large number of women.

MISS AMERICA WINS DETROIT YACHT RACE

Detroit, Mich., Sept. 11.—By a margin of 2-5 seconds the closest finish in the history of the event, Miss America of the Detroit Yacht Club, driven by Gar Wood, defeated Miss Detroit V, of the Miss Detroit Power Association in the first thirty miles heat of the gold challenge cup race this afternoon.

DR. ALTENDORFF ARRESTED

San Antonio, Texas, Sept .11.—Dr. Paul B. Altendorff, who was denied permission to enter the United States by the state department, and who subsequently escaped his Mexican guards at Juarez, Mexico, was arrested here today on a charge of violating the passport control act.

Senator Lodge Attacked On One-Man Government

NAHANT, Mass., Sept. 11. — Senator Henry Cabot Lodge today attacked what he said was the effort of President Wilson to make ours a one-man government. The president's conception of government, he said, is that of the third Napoleon. He charged that the president had established "such a reign of terror over many representatives and senators of his own party that the legislative powers of the constitution granted to congress alone were impaired and distorted."

The navy and war departments, he said, were marked by "a favoritism in appointment on one hand and on the other a vindictive spirit toward officers not liked by the secretaries."

As instances he gave the removal of General Barnett, who was commandant of marine during the war; refusal of President Wilson and Secretary Baker to permit Theodore Roosevelt to raise a division of volunteers, after congress gave the necessary authority; the "treatment of General Wood" and the fact that General Edwards, senior brigadier general when war was declared, after leading the 26th division in action overseas is still the senior brigadier general and recently has been deprived of his command of the northeast department.

"One of the leading demands of the Republican platform and one of the issues which Senator Harding has most strongly emphasibzed, is that we should bring the government back to the system and the forms of the constitution which we have always followed thus far thruout our history," said Senator Lodge.

LOCAL MARKET OF FOREIGN EXCHANGE LACKS STABILITY

Heavy Offerings Force Sterling Down to Low Point

BANKERS DID NOT KNOW CAUSE

NEW YORK, Sept. 11.—In the face of the largest gold import movement of the year, the local market for foreign exchange was more severely unsettled today. Remittances to London declined to lowest quotations in six months with concurrent weakness of rates to leading continental European points.

Heavy offerings of bills forced sterling down to 349¾, or 2 1-2 cents under yesterday's best quotation and some ten cents under that of a few weeks ago.

Today's minimum price is the lowest for British exchange since the early part of last March, but considerably above that of February 4th, when the British rate fell to 318, as against a normal or pre war rate of approximately $4.86.

Bankers professed to be without information as to the cause of the reaction but the serious industrial unsettlement in England and Italy was regarded as a more than sentimental factor.

CONTINUE PICKETING OF STEAMSHIP PIERS

NEW YORK, Sept. 11.—Picketing of steamship piers continued today with an outbreak of violence attributed by the police to friction between longshoremen striking in sympathy with Archbishop Mannix and Terence MacSwiney and negro strike breakers.

While members of the American women's pickets were operating at the pier where a force of negroes were unloading the liner Adriatic, whites and negroes clashed several blocks away. Several shots were fired ineffectively and one bystander is known to have been injured by flying missiles. Stones, clubs and fists were used freely by a half hundred combatants.

MEETS DEATH WHILE BRIDE LOOKED ON

Glenwood Springs, Colo., Sept. 11.—Eugene McCraney, 28, of Joliet, Ill., here on his honeymoon, met death today in a swimming pool while his bride looked on. McCraney was endeavoring to slide down an incline into the water while standing. Half way down he lost his balance and fell into the pool sinking to the bottom. He sustained injuries from which he died an hour later.

WILL INVESTIGATE TROLLEY CAR ACCIDENT

New York, Sept. 11.—Investigation of the collision today between two trolley cars of the Brooklyn Rapid Transit company in which Quon Hoo, a Chinese, was killed and 65 persons injured —the second accident in two days —will be started by Public Service Commissioner Louis Nixon on Monday, he announced tonight. It was reported that the air-brakes of one of the cars showed signs of having been tampered with.

ALASKA CAN PRODUCE MANY TONS OF PAPER

Washington, Sept. 11.—Alaska forests contain a complete answer to the American newsprint shortage in the opinion of Colonel W. B. Greeley, chief of the forest service, who has just returned from a month's inspection of timber and power resources of the Tongass national forest. Alaska can produce 1,500,000 tons of paper annually "in perpetuity," according to Colonel Greeley.

CLAIM U. S. ATHLETES HAD POOR TREATMENT

New York, Sept. 11.—Gross neglect by the American Olympic committee of the welfare of the United States team on its way to Antwerp, while there and on its way home, was charged by athletes arriving here today on the transport Sherman from Belgium. Dismissal of the committee will be demanded, they told newspapermen.

GIRL RUNS AWAY; POLICE STATION; THEN BACK HOME

Cuts Off Hair, Puts on Overalls and Gets Job

FARMER EMPLOYER TURNS HER IN

GLOUCESTER, Mass., Sept. 11. Mrs. Stoughton A. Fletcher, of Indianapolis, tonight took her 17 year old daughter, Louisa, from the detention room at the Gloucester police station back to the family summer cottage at East Gloucester, from which the girl fled Thursday because she was tired of being a "poor little rich girl."

Miss Fletcher was found this morning dressed in male attire working on a farm near Ipswich. When brought to this city she told the police that she had left home because she had decided to get a job and make her own living. She obtained a pair of overalls, cut her hair and rowed across Gloucester harbor.

After being refused a berth on a fishing schooner, Miss Fletcher came ashore and began a search for work. She said she spent Thursday and Friday night in a barn. It was not until this morning that she was hired by a farmer, who later became suspicious of her appearance and notified the police.

TWO PERSONS LOST LIVES IN CLOUDBURST

COLUMBUS, O., Sept. 11.—Two persons lost their lives in a cloudburst in the northeastern part of Ross county late today, and several others had narrow escapes from drowning. The dead are Miss Rebecca Fritchard and Ebb Speakman both of Pike Run.

A surrey in which Miss Pritchard and Speakman with other members of the Pritchard family were returning from a picnic, was overwhelmed by th rushing waters when caught in a gorge on Brimstone creek. Other occupants of the vhicle escaped.

PISTOL DUEL FOUGHT IN RAILROAD STATION

NEW YORK, Sept. 11.—Crowds of suburban residents rushing for last trains at Grand Central station early today scurried for cover during a pistol battle between Jacob Mendel, station restaurant proprietor and three men who had knocked him down taking his day's cash, $2,500.

Two of the men, after their weapons had been emptied, were arrested, and the third calmly left the station among the scores of police who were called.

PRESIDENT WILSON MAKES APPOINTMENT

WASHINGTON, Sept. 11.—President Wilson today appointed Mabel T. Boardman, for many years a member of the executive committee of the American Red Cross to be a commissioner of the District of Colubia effective Wednesday. The appointment makes Miss Boardman the first woman to be a member of the commission which directs the entire governent of the District.

M'CORMACK'S CONCERT BREAKS UP IN ROW

Adelaide, South Australia, Sept. 11.—The concert given here Thursday evening by John McCormack, the noted tenor, was broken up by a demonstration, a part of the audience rising and singing the British national anthem and some of them shouting that McCormack was a Sinn Feiner.

Mr. McCormack has cancelled the other concerts he was to have given in Adelaide.

The audience, it appeared, resented the omission of the anthem from the program.

VILLAGES DESTROYED.

Florence, Sept. 11—More than 100 towns and villages were destroyed or badly damaged in the district north of this city which was shaken by the earthquake Tuesday morning according to late reports.

CONDITION OF THE LORD MAYOR OF CORK BELIEVED CRITICAL

Impression is Death May be Expected at Any Hour

CONDITION OF HUNGER STRIKERS UNCHANGED

LONDON, Sept. 11.—The Lord Mayor of Cork is in a very exhausted condition. He is still suffering severely in his head and his body but is still consicious.

This bulletin was issued at 10 o'clock tonight and the general impression is that Terence MacSwiney's death is expected at any hour. The police guard about the prison was doubled tonight.

While a fortnight ago crowds of Irish people hung about the prison all day, the numbers have gradually dwindled, and tonight no more than a dozen persons congregated, outside of reporters. Masses will be said in many Irish churches tomorrow if Mayor MacSwiney is alive. Thus for there have been no masses for him in the English Catholic churches.

Condition Unchanged.

Cork, Sept. 11.—(By The A. P.)—The condition of the hunger strikers in the Cork jail is reported to be relatively unchanged. Sean Hennessy the 19 year old hunger striker, regained consciousness during the night but quickly relapsed into a state of coma.

Hennessy's father today told Harold Barry, former high sheriff of Cok, who has been making effects to save Hennessy's life that he had altered his decision to permith the nuns attending Young Hennessy under doctor's instructions to administer restoratives and that nothing is now being done to prolong his son's life.

Mr. Barry has not received a reply to messages he sent to Premier Lloyd George in which he told the premier that he could furnish proof of Hennessy's innocence.

ENGLAND MAY REDUCE SUGAR RATION

LONDON, Sept. 11.—Announcement is made by the food controller that in the event of the coal miners going on strike the weekly sugar ration will be reduced from twelve to six ounces per head.

To guard against an actual food shortage, should the strike materialize, steps will be taken as required to restrict the consumption of meat, bacon, flour and milk. As a measure of public safety the food controller declared the government would ration the whole country if it became necessary.

TRADES UNION CONGRESS ADJOURNS

PORTSMOUTH, Eng. Sept. 11. —The Trades Union Congress concluded its sessions eher today without any attempt at intervention in the coal crisis. Most of the labor leaders including the miners' delegates, left by afternoon trains, and the scene of operations again will be transferred to London where the miners' executive will meet early next week.

The triple alliance, composed of the miners, railway men and transportation workers also will be called together again, it is stated, before the miners notices expire on September 25.

ABANDON SEARCH FOR MISSING MEN

HONOLULU, Sept. 11.—Search for Lieutenant R. R. Fox of New York and Corporal H. J. Cornet of Spencer, Pa., of the army aviation corps at Luke Field in these Islands, who last were seen in their plane diving into a cloud bank over the Island of Malokai two weeks ago has been abandoned.

The plane is believed to have crashed in the Molokai Hills or have been lost at sea.

LETTER COMES ADDRESSED TO THOMAS JEFFERSON

Washington, Sept. 11.—Secretary Colby received today from Bombay, India, a letter addressed to "Thomas Jefferson, Late Secretary of State and Master of Patents." The writer desired information as to the process of feeding "patrol" petrol into an engine. A personal reply from Jefferson was requested. The letter was sent by Secretary Colby to President Wilson as a curiosity.

PROHIBITION TAKES PLACE DOWN STAGE IN COX CAMPAIGN

Governor Says He Knows When an Event Has Passed By

SPENDS BUSY DAY IN WASHINGTON

SEATTLE, Washn., Sept. 11.—Prohibition, the great silent topic of the campaign, came openly into the presidential campaign here tonight at the meeting of Governor Cox of Ohio, Democratic presidential candidate. The governor after an introduction to a large audience here at the arena, in which his sponsor, George C. Cottrill, Democratic candidate for United States senator denounced assertions that the candidate was a "wet" made the following declaration.

"As a progressive in government, I know when an event has passed by and become a part of yesterday. The reactionary rarely does. The friends of world peace and the friends of progress will win this election and attempt to divide them on any question not an issue will be unavailing."

Mr. Cotrill declared that Governor Cox's record in Ohio included a "Sunday saloon closing law and general moral leadership."

The charges against the governor, he said, were partisan politics.

His Seattle speech was the climax of Governor Cox's Washington campaign. Starting at Bellingham, early this morning, upon arrivial from Walla Walla, the governor made three other speeches today despite the handicap of severe hoarseness, at Mt. Vernon and Everett.

Governor Cox left tonight for Portland.

GERMANS CURED OF BOLSHEVISM

SWINEMUND, Prussia, Sept. 11.—(By The Associated Press). —"Cured of Bolshevism" was the unanimous sentiment of seventy German workmen constituting part of a company which emigrated to Soviet Russia two months ago and who have arrived here aboard the steamer Regina. The men returned from Kolomna near Moscow, where they wereassigned to factory jobs. They were expected to subject themselves to a rigorous communistic mode of living, including a diet of bread which they declared looked like peat, and contained chaff and unmilled grain. Other Germans in the original party were obliged to remain behind as they were too ill to travel.

KNIGHTS OF COLUMBUS DELEGATION DEPARTS

PARIS, Sept. 11.—An enthusiastic send-off was given the Knights of Columbus delegation when it embarked for the United States on the Steamer LaFayette at Havre this evening.

Just before they boarded the vessel the Knights were guests at a luncheon given to them by an aide of Marshal Foch.

A party of fifty Knights who are remaining will leave for Ireland Sunday.

REFUSES TO SPEAK.

Hamline, Minn., Sept. 11.— Parley P. Christiensen, Farmer-Labor candidate for president, scheduled to speak at the Minnesota state fair today, refused to do so because he would not be permitted to discuss politics. The three other candidates who spoke at the fair this week did so under the same ban on politics it was said.

HARDING CHARGES DEMOCRATES WITH PRODIGAL WASTE

Promises Return to Area of Sober Business

DECLARES CONSPIRACY OF PERFECT ACCORD

MARION, O., Sept. 11.—An end of governmental "meddling and bungling" in the financial world and a return to an area of sober business" was promised by Senator Harding today in addresses to several delegations of business men from Indiana, Illinois and Michigan.

Charging the Democratic administration with prodigal waste in the conduct of its fiscal affairs and dictatorial intrusion in its relations with private enterprise, the Republican nominee declared it was his purpose to wipe out many war time government restrictions and to re-establish cooperation between government and business. In re-organization of the goverenment's own financial system, he said, he would seek the advice of the nation's ablest administrators.

Conspiracy of Perfect Accord.

Revision of taxation and of the tariff, curtailment of profiteering, establishment of a federal budget system, re-organization of the postal service and promotion of the merchant marine were among the remedies he named specifically. He declared "a conspiracy of perfect accord' between the administration and the Democratic nominee was seeking to perpetuate the war powers exercised by the executive over private business.

The senator also touched on the league issue, declaring a discrepancy between the English and French texts of the covenant would have led to complications which in the practical working of the league would have meant entire abandonment of the Monroe doctrine.

Plan Speaking Trips.

Tentative plans for speaking trips by the candidates to both coasts have reached the stage, it became known here today, where an itinerary of cities is under discussion.

The western swing would come first, beginning probably about Sept. 27 and the visit to eastern cities would follow in late October.

A saxaphone quartette from South Bend also helped jazz up the program today and a part of the ceremonies was the presentation of a cornet made in South Bend to the candidate.

"One has to blow his own horn in the world,' said the senator in a speech of thanks, "but I don't like the man who blows his horn too bluntly. When I was a member of the band we always had to stick to the tune. In the campaign I want to stick to the tune, and I want that tune to be the one that was so beautifully rendered just now—America First."

THE LARGENESS OF THE UNITED STATES

A bulletin recently issued by the Geological Survey may be of interest to campaign spellbinders who wish to be exact in their geographical references to the largeness of the United States.

The eastermost point of this country is West Quoddy Head, near Eastport, Maine. The point furthest west is Cape Alva, Washington. Insteal of saying tritely "from Maine to California" let the stump speaker accurately cry "from West Quoddy Head to Cape Alva."

As Cape Sable is forty-nine miles further south than the southernmost part of Texas, the describer of the length of the United States may say "from Florida to Minnesota." It is better not to be too specific in referring to our longitudinal greatness, for there is no familiar local name for that little chunk of Minnesota which lies imbedded in Canada north of Lake of the Woods.

On the subject of the general hugeness of the land the sepaker does well to know that the total area is 2,973,774 square miles. This in Coxian mathematics would be 15,000,000 square miles.

One of those stated inquiries into coal profiteering has just been started in Chicago by the U. S. attorny. If it were not that coal prices are already abnormally high, another increase might confidently be expected.

Figures relating to city expenditures appear in table from elsewhere in this paper. The exact financial status will show only from a full year's record, but the figures are important as they give proof that city officials are watching income and expense from month to month This will mean the right kind of economy.

There was a heavy rain Friday night and during the early hours Saturday morning. A few years ago this would have meant a very quiet day for the merchants of Jacksonville, because of muddy roads and few visitors. Not so yesterday, for the business district was crowded and it was almost impossible to find a place to park a car. Improved road conditions made this advantageous change possible.

Republican leaders in New York state are distinctly pleased with the progress being made by Senator Harding in their state, for they declare that the sentiment for him is increasing rapidly. Two months ago Senator Harding was not as well known as he is today, but it has been ascertained that he is a strong man, much stronger than at first suspected and his strength is still developing. He is being accepted by the voters as a conservative, level-headed leader and a man capable of making an ideal President.

THE MOSES VICTORY MEANING

(New York Sun and Herald.)

The result of the primary election in New Hampshire is in three ways an exceedingly significant thing:

First, the fight against the renomination of Senator Moses was made mainly on the plea that he did not represent the prevailing opinion of his party with regard to the Wilson Covenant and the League of Nations. Moses was one of the earliest and most persistent of the Senators who refused to be reconciled to the president's scheme of international supergovernment. He was one of the most searching and implacable critics and analysts not only of the league covenant but also of the body of the treaty into which the covenant provisions were interwoven. It was remarkable for its penetration and precision the senator exhibited the complications in which the ratification of the treaty of Versailles would involve this Republic.

Secondly, Senator Moses was at the very top of Gomper's blacklist, on account of his vote for the anti-strike clause in the Esch-Cummins bill.

In the third place, and not least significantly, it has been a matter of speculation whether the candid and square opposition of Senator Moses to the woman suffrage amendment would seriously handicap him in his campaign for renomination. The situation with regard to Moses in New Hampshire was somewhat similar to that which affects Senator Brandegee in Connecticut and, even more conspicuously, Senator Wadsworth in New York. Such indication as is afforded by the New Hampshire result is strong against the probability of any attempted political vendetta by the women voters in the case of statesmen who for one reason or another opposed the nineteenth amendment when the question was open but loyally accept the decision and the law when the question is closed.

In each of these three notable particulars, therefore, Senator Moses's success in the Granite state signifies something definite and affords an indication which brings encouragement. We are mighty glad the Senator is to keep his seat.

THE PRIMARY CONTEST

The campaign on the Republican ticket for nomination for state officers has been a most bitter and hard fought one. The issues are fairly before the voter and all that may be said before next Wednesday will make slight change. There are good men personally contending for leadership. The issue has been sharply drawn, however, because of the platform put forward by advocates of the so-called Chicago Thompson clique, presented at a recent Republican state convention, when it was supported by Cook and Kankakee counties, almost alone, the one represented by Mayor Thompson, Kankakee by Hon. Len Small. The struggle has become one of principle more than of the individuality of the candidates.

A part of the so-called platform is harmless, but a larger part is intended for home consumption —to catch the foreign and floating element among Chicago voters. The vote of Cook county, with its large population, is the goal of the backers of the platform. By putting forward some good men it was hoped that enough downstate support might be secured to enable the Chicago crowd to add the balance of the state to their bailiwick.

How Chicago has been governed, how much has been added to her debt; the character of her mayor and his lieutenants, his record as an executive during the war has all been made plain in the public press and in the "literature" sent out by the various candidates. Every ex-soldier and his friends, every man or woman who took part in the many lines of war-work, every parent of a boy in uniform knows the record. Now is the time for every man and woman voter to register his judgment of that record. The war is over, perhaps not officially, and it may be that some of our boys are still on foreign soil, but the activities of the war have ceased, and it is now time to consider, soberly and with care, and thanksgiving that those strenuous days are passed, the record of all, the men who endeavored to lighten the burden of the anxious hours when our boys were in the service of our country, as well as those who remained at home and quibbled over technicalities and endeavored to add to our troubles in a time of stress.

The ballot box is the place to render the verdict.

During the progress of the war all good men, Democrats and Republicans, endeavored to stand loyally behind the administration then in power, no matter whether they altogether believed in every measure they were called on to approve during its progress. It must be left to the voter to decide whether the mayor of the "third foreign city" in the United States did his part.

Mayor Thompson stands sponsor for one ticket and the candidates for governor and other positions endorse his platform.

Gov. Lowden, following the precedent established during his administration as governor of the state of Illinois, endorses the down-state candidate for governor and the ticket opposed to the Chicago platform.

The Journal again says it is purely a matter of consicience and the sympathies of the voter. It is one of principle more than of candidates.

Register your opinions at the primary polls next Wednesday.

TO THE DENTIST

To the dentist I am wending at the early hour of day, when the rising sun is lending glory to the stacks of hay; for a session elevating all arrangements have been made, and the painless dentist's waiting with his crowbar and his spade. Oh, my ringbones long have smarted, and my spavins hurt my calves; for such things, in days departed, I used liniments and salves; but my teeth are at the bottom of such miseries as these, and the same old teeth, dod rot 'em, make existence seem a cheese. Once I had a temper cheerful, and my home was full of peace, and you heard no wailings tearful from my wife or aunt or niece; but for months I've been as nasty as a bear with festered dome and I said things blanky-blasty when I had to write a pome. Oh, a shadow o'er me hovered, and it changed my wine to gall, and the doctor has discovered that my teeth produced it all. Of all uticas the pentest is he one that spoils our glee, so I'm going to the dentist, and the dentist waits for me. In his apron new and stainless he is waiting at his door, he is standing, tall and painless, and his smile is five by four; he is singing like a linnet, waiting there to cut his ice, and he'll charge a bone a minute, but the goods are worth the price.

With the Sick

John DeLess is seriously ill at his home on Doolin avenue. His condition is such as to alarm his friends.

Alderman A. E. Williamson, who has been a patient at Passavant hospital, for the past ten days, is now nearly recovered and is at his home on Caldwell street.

BISHOP M'DOWELL M. E. CONFERENCE VISITOR

Prominent Divine Greeted With Spontaneous Applause at Conference Session—Next Year's Session Scheduled for Jacksonville.

(By C. R. MORRISON.)

Decatur, Sept. 11.—By unanimous vote, the invitation to hold the 98th session of Illinois Conference at Centenary church, Jacksonville, was accepted. Depresentative speeches were made by D. V. Gowdy, E. P. Pletcher, J. O. Kirkpatrick and George W. Randle and seconded by F. A. McCarty. The coming in before the conference of Bishop McDowell, as a visitor was greeted with spontaneous applause—the conference rising, as the applause continued. Bishop Nicholson vacated the chair and allowed Bishop McDowell to preside and to address the Conference in the interest of the schools and colleges of the church.

Chris Galeener introduced a motion to have a committee appointed to consider the matter of securing a plot of ground in the cemetery of Decatur or Springfield for the burial of the dead of Methodist families, who are not provided with family lots. It was adopted. On Sunday at 5 p. m. a memorial service will be held at the groves of Hiram Buck and Horace Reid, buried near together. Bishop Nicholson will make the address.

Many changes were made in the conference relationship at the third day's session. George F. Oliver, takes work in Iowa, having gone thither some three months ago His pulpit at Edinburg thus vacated has been filled by L. L. Lawrence, a student of the University of Illinois. It will be of interest to Jacksonville people to know that Mr. Lawrence recently married a daughter of Mr. and Mrs. E. K. Towle, formerly of Jacksonville.

The lecture of Dr. Merton S. Rice, on "Problematic America," was the most largely attended lecture of many years. More than a 1,000 were present at fifty cent per—which will go toward the expense account of the local entertainment expenses.

It was a masterly effort, forceful and humorouse and yet beneath the sparkle of wit and anecdote was the serious answer to the problems of extravagance, immigration and the rising tide of color, needing the spirit of the gospel to solve

The Conference Deaconess board was organized by the election of F. A. McCarty, local President E. P. Pletcher; First Vice President Mrs. Eva Fields, of Quincy; Second Vice President A. K. Byrns, of Bloomington; Secretary C. R. Morrison, Savoy, treasurer. The Bishop is ex-offico President and makes appointments of all deaconesses within the bounds of the conference. The District Superintendent and four members of the conference are members of the board. That accounts for these names appearing in the list of offices. The minutes of the session of the Board will become part of the conference minutes.

Notations.

W. O. Roush, who withdrew some years ago under complaints has asked for the return of his credentials, which were surrendered to the conference at that time. C. E. Hoye of Southern Illinois Conference was transferred to Illinois, Byrd M. Pettel, now at Westfield comes to Illinois Conference Episcopal Methodist from the Methodist Protestant church.

The appointment canvassing goes slowly. The Bishop states that so far only once has the list of appointments passed under review It will need many times goingover and then revision, many times more.

While the minute business has been attended to the cabinet work is not far advanced. But many changes are probable.

THE LARGENESS OF THE UNITED STATES

A bulletin recently issued by the Geological Survey may be of interest to campaign spellbinders who wish to be exact in their geographical references to the largeness of the United States.

The eastermost point of this country is West Quoddy Head, near Eastport, Maine. The point furthest west is Cape Alva, Washington. Insteal of saying tritely "from Maine to California" let the stump speaker accurately cry "from West Quoddy Head to Cape Alva."

As Cape Sable is forty-nine miles further south than the southernmost part of Texas, the describer of the length of the United States may say "from Florida to Minnesota." It is better not to be too specific in referring to our longitudinal greatness, for there is no familiar local name for that little chunk of Minnesota which lies imbedded in Canada north of Lake of the Woods.

On the subject of the general hugeness of the land the sepaker does well to know that the total area is 2,973,774 square miles. This in Coxian mathematics would be 15,000,000 square miles.

One of those stated inquiries into coal profiteering has just been started in Chicago by the U. S. attornty. If it were not that coal prices are already abnormally high, another increase might confidently be expected.

Figures relating to city expenditures appear in table from elsewhere in this paper. The exact financial status will show only from a full year's record, but the figures are important as they give proof that city officials are watching income and expense from month to month This will mean the right kind of economy.

There was a heavy rain Friday night and during the early hours Saturday morning. A few years ago this would have meant a very quiet day for the merchants of Jacksonville, because of muddy roads and few visitors. Not so yesterday, for the business district was crowded and it was almost impossible to find a place to park a car. Improved road conditions made this advantageous change possible.

Republican leaders in New York state are distinctly pleased with the progress being made by Senator Harding in their state, for they declare that the sentiment for him is increasing rapidly. Two months ago Senator Harding was not as well known as he is today, but it has been ascertained that he is a strong man, much stronger than at first suspected and his strength is still developing. He is being accepted by the voters as a conservative, level-headed leader and a man capable of making an ideal President.

THE MOSES VICTORY MEANING

(New York Sun and Herald.)

The result of the primary election in New Hampshire is in three ways an exceedingly significant thing:

First, the fight against the renomination of Senator Moses was made mainly on the plea that he did not represent the prevailing opinion of his party with regard to the Wilson Covenant and the League of Nations. Moses was one of the earliest and most persistent of the Senators who refused to be reconciled to the president's scheme of international supergovernment. He was one of the most searching and implacable critics and analysts not only of the league covenant but also of the body of the treaty into which the covenant provisions were interwoven. It was remarkable for its penetration and precision the senator exhibited the complications in which the ratification of the treaty of Versailles would involve this Republic.

Secondly, Senator Moses was at the very top of Gomper's blacklist, on account of his vote for the anti-strike clause in the Esch-Cummins bill.

In the third place, and not least significantly, it has been a matter of speculation whether the candid and square opposition of Senator Moses to the woman suffrage amendment would seriously handicap him in his campaign for renomination. The situation with regard to Moses in New Hampshire was somewhat similar to that which affects Senator Brandegee in Connecticut and, even more conspicuously, Senator Wadsworth in New York. Such indication as is afforded by the New Hampshire result is strong against the probability of any attempted political vendetta by the women voters in the case of statesmen who for one reason or another opposed the nineteenth amendment when the question was open but loyally accept the decision and the law when the question is closed.

In each of these three notable particulars, therefore, Senator Moses's success in the Granite state signifies something definite and affords an indication which brings encouragement. We are mighty glad the Senator is to keep his seat.

THE PRIMARY CONTEST

The campaign on the Republican ticket for nomination for state officers has been a most bitter and hard fought one. The issues are fairly before the voter and all that may be said before next Wednesday will make slight change. There are good men personally contending for leadership. The issue has been sharply drawn, however, because of the platform put forward by advocates of the so-called Chicago Thompson clique, presented at a recent Republican state convention, when it was supported by Cook and Kankakee counties, almost alone, the one represented by Mayor Thompson, Kankakee by Hon. Len Small. The struggle has become one of principle more than of the individuality of the candidates.

A part of the so-called platform is harmless, but a larger part is intended for home consumption —to catch the foreign and floating element among Chicago voters. The vote of Cook county, with its large population, is the goal of the backers of the platform. By putting forward some good men it was hoped that enough downstate support might be secured to enable the Chicago crowd to add the balance of the state to their bailiwick.

How Chicago has been governed, how much has been added to her debt; the character of her mayor and his lieutenants, his record as an executive during the war has all been made plain in the public press and in the "literature" sent out by the various candidates. Every ex-soldier and his friends, every man or woman who took part in the many lines of war-work, every parent of a boy in uniform knows the record. Now is the time for every man and woman voter to register his judgment of that record. The war is over, perhaps not officially, and it may be that some of our boys are still on foreign soil, but the activities of the war have ceased, and it is now time to consider, soberly and with care, and thanksgiving that those strenuous days are passed, the record of all, the men who endeavored to lighten the burden of the anxious hours when our boys were in the service of our country, as well as those who remained at home and quibbled over technicalities and endeavored to add to our troubles in a time of stress.

The ballot box is the place to render the verdict.

During the progress of the war all good men, Democrats and Republicans, endeavored to stand loyally behind the administration then in power, no matter whether they altogether believed in every measure they were called on to approve during its progress. It must be left to the voter to decide whether the mayor of the "third foreign city" in the United States did his part.

Mayor Thompson stands sponsor for one ticket and the candidates for governor and other positions endorse his platform.

Gov. Lowden, following the precedent established during his administration as governor of the state of Illinois, endorses the down-state candidate for governor and the ticket opposed to the Chicago platform.

The Journal again says it is purely a matter of consicience and the sympathies of the voter. It is one of principle more than of candidates.

M'KINNEY WILL HOLD STOCK SALE

Second Annual Offering Will Be Made at Oakcrest Farm.

R. S. McKinney, well known stockman, has announced his annual sale to be held Wednesday afternoon, Sept. 29, at Oak Crest farm, near Chapin. Mr. McKinney's sale last year made a record for attendance with over 1500 people present.

It is also a matetr of record that a number of the animals sold at that time were later resold at much higher price. Notable in this list was that of one sow, purchased by the Dundale farm of Alexis for $80. A few months afterward this animal was resold for $450. Then she was in a sale at Adkins, Iowa, and brought $580.

Another fortunate purchase made by the Dundale farm was of the Shorthorn cow, Mina 42, for $625. On November 14 in the Dundale farm this animal brought $1150. Other purchasers at Mr. McKinney's last sale were offered advances of from $50 to $75 on animals purchased, and for these reasons this year's sale is looked forward to with still greater interest.

In addition to animals bred on the farm, Mr. McKinney also makes some other offerings. These will include one prize litter by Giant Clansman, a second prize boar at the Illinois state fair in 1919. The offerings are such as to command the respect and competition of every breeder.

The rams to be sold are by sons of Senator Bibby, four times consecutively grand champion at the International. One of the bulls to be sold is a handsome roan and is by the imported "Mayflower" from the Etherley stock farm at Galesburg. The other bull is a white Avondale, line bred.

Mr. McKinney's sale arrangements are all generous and the event will attract a great deal of attention in livestock circles.

LIEUT. M'GINNIS TO WED IN OCTOBER

Former Resident Now in U. S. Air Service to Marry Philadelphia Girl—Bride-to-Be Miss Katherine Clifton Durham.

Just before his departure for Washington where he is now stationed, Lieutenant Harold A. McGinnis of the U. S. Air service, and a former resident of Jacksonville, announced that he would be married some time the latter part of October to Miss Katherine Clifton Durham of Philadelphia.

Miss Durham is the daughter of Mr. and Mrs. Thomas Fletcher Durham of 1323 Pine street, Philadelphia. Her education was received in Philadelphia and at a finishing school for girls at Ossining, N. Y. The family is a prominent one in Philadelphia and Miss Durham is one of the popular society girls of the younger set.

Lieut. McGinnis left this morning for Washington after a visit of several days with his mother in this city. He entered the air service during the great World War and soon proved so proficient that he was made a flying instructor and was stationed at various fields thruout the country. He made several flights here and is considered one of the best stunt flyers in the army.

At present he is stationed at Bolling field, near Washington. He is officer in charge of flying there and acts as Judge Advocate.

REMAINS OF SOLDIER TO BE BURIED HERE

Private Edward Haigh Will Be Interred in Jacksonville—Remains Will Arrive Tuesday.

John G. Reynolds received a telegram yesterday announcing that the remains of Private Edward Haigh who died in action in France, would arrive in this city Tuesday for interment.

The dead soldier never resided here but his mother was formerly Miss Clara Smith, a daughter of Talmadge Smith a well known resident who lived on South West street. The family home is now in Chicago.

The remains will be taken to the Mortuary of J. G. Reynolds upon arrival and it is probable the services will be held from the Reynolds chapel. It is also thought that some plans have been made for a military funeral.

CITY EXPENSE FIGURES GIVEN

Comparison Made Between Budget and Expense Totals for Seven Months Period.

Given below are figures to show the condition of city finances. The figures are for the seven months' period ending August 1, 1920. Receipts, estimated budget expenses and actual expenditures for the seven months' period are given comparatively.

The totals show that for the seven months' period the total expense has been $66,563.17 against an estimated expenditure of $54,113, while the estimated expenditures for the year are $93,550.

A glance at the figures will show that the expenses in the light, water and highway department have run considerably above the estimate. It does not follow necessarily that there will be a large deficit at the end of the year. In the highway department for example, practically all the expenditures for the year have been made but are charged up to the seven months of operation. While there is a good deal of activity in all city departments, Mayor Crabtree and members of the city council have kept economy in mind as far as possible.

The expenditures are being watched from month to month with the purpose in view of keeping estimates and expenditures as closely related as possible.

C. A. BORUFF REPLIES TO AUDITORS STATEMENTS

Having had several inquiries in regard to the report of the auditors of the books of Morgan county with reference to the 1918 tax extension work, it may be a matter of interest to the public to learn of the facts relating thereto.

Every year it is necessary to employ, for a number of weeks, several outside helpers for tax extension work. This requires the payment of various sums to the different ones employed.

My term of county clerk expired on the first Monday in December, 1918, which was prior to the beginning of the tax extension work for the year 1918 and as the work is long, difficult and exceedingly technical, the then county commissioners placed this work under my supervision, and it was agreed between the board and myself that I was to receive for my services in this connection the fee allowed by law therefor, out of which I was to pay for all necessary help.

This agreement was performed both by the then county commissioners and myself, in that I paid for all extra help and they in turn allowed and ordered paid the claims against the county filed by me for the amount of the fees for that year for said work, being three claims for $500.00 and one for $878.16. Warrants for these sums were drawn on the county treasurer and paid by him, and not "from the funds of the county clerk" as the report states.

The statement of the auditors that the warrant for $878.16 was "merely endorsed by the county board' is preposterous for the simple reason that the county board never endorsed such a warrant. Doubtless what was meant was that the bill had been approved by the county board, as the bill was allowed and paid in the regular way.

Another error made by the auditors, probably due to ignorance of the custom that has prevailed for many years, is their statement that "it was the practice in the county clerk's office to destroy warrants when redeemed and also invoices relating thereto."

Warrants when paid and returned to the commissioners were checked up by them as against the treasurer's report and when found correct, were destroyed by the commissioners and not by the county clerk.

I do not know what the auditors mean by "invoices' relating to warrants. If they mean the "bills,' they can easily find in the county clerk's office today, all bills filed in the past ninety years —ever since the organization of the county. C. A. Boruff.

BIRTHDAY PARTY AT ALEXANDER HOME

John Joseph Zellar Observes Anniversary in Pleasant Way Saturday Afternoon — Other News from Alexander.

Alexander, Sept. 11.—Saturday was the sixth birthday anniversary of John Joseph Zellar, son of Mr. and Mrs. Joseph Zellar, and the occasion was very fittingly observed. Fourteen children spent a very pleasant afternoon at the Zellar home, games and amusements of various kinds causing the hours to pass too swiftly.

When the time came for the serving of refreshments the children were invited into the dining room, where a large birthday cake with six burning candles thereon, occupied the center of the table. Mrs. Zellar was assisted in entertaining by Misses Lillian Kumle, Margaret Lukeman and Ursula Ryan.

Numerous gifts were received by Master John, and altogether the occasion was one long to be remembered. he guests were Dorothy and Wanda Kumle, Helen and Nellie Zachary, Ben Beerup, Gertrude and Emmett Ryan, Robert Kaiser, Albert Lukeman, Phoebe Hall, Alden and Arnold Ryan.

Mr. and Mrs. Porter Corrington have gone to Edwardsville, Ill., where they expect to make their future home.

LIEUT. M'GINNIS TO WED IN OCTOBER

Former Resident Now in U. S. Air Service to Marry Philadelphia Girl—Bride-to-Be Miss Katherine Clifton Durham.

Just before his departure for Washington where he is now stationed, Lieutenant Harold A. McGinnis of the U. S. Air service, and a former resident of Jacksonville, announced that he would be married some time the latter part of October to Miss Katherine Clifton Durham of Philadelphia.

Miss Durham is the daughter of Mr. and Mrs. Thomas Fletcher Durham of 1323 Pine street, Philadelphia. Her education was received in Philadelphia and at a finishing school for girls at Ossining, N. Y. The family is a prominent one in Philadelphia and Miss Durham is one of the popular society girls of the younger set.

Lieut. McGinnis left this morning for Washington after a visit of several days with his mother in this city. He entered the air service during the great World War and soon proved so proficient that he was made a flying instructor and was stationed at various fields thruout the country. He made several flights here and is considered one of the best stunt flyers in the army.

At present he is stationed at Bolling field, near Washington. He is officer in charge of flying there and acts as Judge Advocate.

REMAINS OF SOLDIER TO BE BURIED HERE

Private Edward Haigh Will Be Interred in Jacksonville—Remains Will ArriveTuesday.

John G. Reynolds received a telegram yesterday announcing that the remains of Private Edward Haigh who died in action in France, would arrive in this city Tuesday for interment.

The dead soldier never resided here but his mother was formerly Miss Clara Smith, a daughter of Talmadge Smith a well known resident who lived on South West street. The family home is now in Chicago.

The remains will be taken to the Mortuary of J. G. Reynolds upon arrival and it is probable the services will be held from the Reynolds chapel. It is also thought that some plans have been made for a military funeral.

CITY EXPENSE FIGURES GIVEN

Comparison Made Between Budget and Expense Totals for Seven Months Period,

Given below are figures to show the condition of city finances. The figures are for the seven months' period ending August 1, 1920. Receipts, estimated budget expenses and actual expenditures for the seven months' period are given comparatively.

The totals show that for the seven months' period the total expense has been $66,563.17 against an estimated expenditure of $54,113, while the estimated expenditures for the year are $93,550.

A glance at the figures will show that the expenses in the light, water and highway department have run considerably above the estimate. It does not follow necessarily that there will be a large deficit at the end of the year. In the highway department for example, practically all the expenditures for the year have been made but are charged up to the seven months of operation. While there is a good deal of activity in all city departments, Mayor Crabtree and members of the city council have kept economy in mind as far as possible.

The expenditures are being watched from month to month with the purpose in view of keeping estimates and expenditures as closely related as possible.

C. A. BORUFF REPLIES TO AUDITORS STATEMENTS

Having had several inquiries in regard to the report of the auditors of the books of Morgan county with reference to the 1918 tax extension work, it may be a matter of interest to the public to learn of the facts relating thereto.

Every year it is necessary to employ, for a number of weeks, several outside helpers for tax extension work. This requires the payment of various sums to the different ones employed.

My term of county clerk expired on the first Monday in December, 1918, which was prior to the beginning of the tax extension work for the year 1918 and as the work is long, difficult and exceedingly technical, the then county commissioners placed this work under my supervision, and it was agreed between the board and myself that I was to receive for my services in this connection the fee allowed by law therefor, out of which I was to pay for all necessary help.

This agreement was performed both by the then county commissioners and myself, in that I paid for all extra help and they in turn allowed and ordered paid the claims against the county filed by me for the amount of the fees for that year for said work, being three claims for $500.00 and one for $878.16. Warrants for these sums were drawn on the county treasurer and paid by him, and not "from the funds of the county clerk" as the report states.

The statement of the auditors that the warrant for $878.16 was "merely endorsed by the county board' is preposterous for the simple reason that the county board never endorsed such a wardant. Doubtless what was meant was that the bill had been approved by the ocunty board, as the bill was allowed and paid in the regular way.

Another error made gy the auditors, probably due to ignorance of the custom that has prevailed for many ears, is their statement that "it was the practice in the county clerk's office to destroy warrants when redeemed and also invoices relating thereto."

Warrants when paid and returned to the commissioners were checked up by them as against the treasurer's report and when found correct, were destroyed by the commissioners and not by the county clerk.

I do not know what the auditors mean by "invoices' relating to warrants. If they mean the "bills,' they can easily find in the county clerk's office today, all bills filed in the past ninety years —ever since the organization of the county. C. A. Boruff.

ALL THE LATE NEWS OF THE SPORT WORLD

Charles Evans Wins Golf Championship

ROSLYN, N. Y., Sept. 11.—Charles Evans, Jr., of Chicago, of the Edgewater Golf club, Chicago, today attained the honor of being the world's best amateur golfer by defeating Francis Ouimet, of Boston, in the final round of the United States championship tournament 7 to 6.

His position as world's champion while unofficial was won in a tournament in which the premier golfers of the world were entered, the champion of France, a Scotchman and the title holders of Canada and England having competed.

"In what other countries is golf really played?" asked enthusiasts in arguing the claims of Evans to the world's championship.

Evans has now joined the select few who have held the United States amateur title for more than one year. Not since 1913 when Jermoe D. Travers won the second year in succession, has a champion come back.

Evans was both amateur and open United States champion in 1916.

His victory in thirty holes was a surprise today to those who recalled his match with Ouimet at Oakmont where Ouimet won by a long putt at the home green. Ouimet's putting today was a great factor in his defeat but, being two down at the 18th hole, he must indeed have played super golf even to hold down the advantage of the first [illegible] alone overcome it.

When Evans went out in 34, two under par, even the most enthusiastic admirers of Ouimet saw that his task was hopeless. Evans was seven up at the turn in the afternoon and then there was no doubt of the result.

Evans lost only one hole of the afternoon and this time he was in a bunker and for the only time in the afternoon round took more strokes than par while he had three birdies. While Ouimet had the longer drives on sixteen of the 25 long holes which they played today, he drove into the rough from the tee six times and Evans only once.

Evans made the longer drive on eight of the long holes, and they were even at one, having to toss to decide which should make his approach first.

Evans put his tee shots nearer the cup on three of the five shot holes, Ouimet on two.

Evans had the better approach on 13 of the long holes and Quimet on 12.

The figures in this respect do not do Evans justice for the approaches that were to his advantage usually left him dead to the pin or two easy putts. Ouimet put his ball in traps or bunkers eight times and Evans only twice. Ouimet gained no advantage whatsoever from his longer driving as Evans offset this by keeping his ball in the fairway. He made the 56 yard ninth hole, the longest on the course in a par five in the morning round in a birdie four in the afternoon play. Ouimet took a six each time at this hole, needing three to get on the edge of the green, while Evans was at this position in two shots on one occassion and on the other his second shot left him a chance for an Eagle if he cared to hole a long putt like Ouimet did two holes in the morning. They halved the first five holes and Ouimet was one up after a birdie on the sixth. Evans squared it at the turn by his excellent playing on the long hole and Ouimet was never in the lead again. Evans took the lead by a birdie on the tenth and after Ouimet had squared the match by a birdie on the 11th, they halved the 12th, and Evans took the lead by a par four at the 13th hole, never to lose it.

New York, Sept. 11.—Agreement for a 15-round bout between Jack Dempsey, world's heavy weight champion, and Bill Brennan of this city, was signed today. The bout will be staged at Madison Square Garden, October 1st.

MARRIED IN CALIFORNIA

The many friends of Miss Agnes Tivnen formerly of 360 E. Wolcott St. Jacksonville, Illinois, will be interested in knowing of her marriage to Albert La Barge of Los Angles, California. The marriage took place at Santa Ana in Orange county, Calif., where the wedding party drove September 6. They were accompanied by Mrs. Anna Large, a sister of the bride.

Miss Tivnen has lived in Jacksonville all her life until July 12, 1920, when she left for California with her mother, sister and two brothers. One sister, Mrs. Ralph Stringham lives at 139 E. Walnut street, Jacksonville, Illinois.

The groom is a machinist by trade and is a resident of Los Angeles. He is well thought of by his many friends both here and in Toledo, Ohio, his former home.

The young couple have bought a lot in Hollywood, the beautiful suburb of Los Angeles where they intend to build a bungalow in the near future.

COACH MITCHELL CALLS OUT HIGH SCHOOL SQUAD

Suits Were Given Out to Twenty Four Men at David Prince Gymnasium Saturday Afternoon—Men Look Good to "Mitch."

Tweuty-four men reported at David Prince Gymnasium Saturday afternoon in response to the call issued by Coach John Mitchell.

The men were assigned suits and will begin practice on Illinois field Monday morning. The local schedule calls for a game with Beardstown on September 25, just two weeks after school opens.

This is rather short preparation and Coach Mitchell will push the men the next two weeks in order to whip a team into shape for the first grid battle of the season.

The new coach should put Jacksonville athletic teams in the running the coming season. He is a graduate of Illinois College in the class of 1917. At Illinois he played at tackle and is considered one of the greatest players ever turned out of the Blue and White school. Last year he coached with success at Flora high school.

Coach Harmon recently said of Mitchell that he did more and said less than any man he had ever known on an Illinois team.

One thing sure, Mitchell was a fighter, and Coach Harmon never had to worry about anybody going thru his side of the line. We believe Mitchell will instil some of his fighting spirit into the members of the team.

While it is early to predict what Jacksonville will do, yet with enough for two teams reporting right at the opening of school it looks as tho the Red and White will have a banner year. There are sure to be other men report after school opens who probably were not able to get to the Gymnasium Saturday afternoon.

Among the old men are, Capt. Gard, Arter, Bray, Arnold, Reynolds and H. Cockin. In addition there are: Hackett, Reid, Alexander, Camm, Corrington, Kuppler, Lewis, Hopper, LaRue, E. Bray, Nicol, Struck, Goebel, Hunt, G. Cockin, Kelly, Sanders,, Perbix.

The schedule follows:

Sept. 25—Beardstown here.
Oct. 2—Hannibal here.
Oct. 9—Pittsfield here.
Oct. 16—Decatur at Decatur.
Oct. 23—Peoria Manual here.
Oct. 30—Quincy at Quincy.
Nov 6—Waverly here.
Nov. 13 — Springfield at Springfield.
Nov. 25—Open.

ALL THE LATE NEWS OF THE SPORT WORLD

Charles Evans Wins Golf Championship

ROSLYN, N. Y., Sept. 11.—Charles Evans, Jr., of Chicago, of the Edgewater Golf club, Chicago, today attained the honor of being the world's best amateur golfer by defeating Francis Ouimet, of Boston, in the final round of the United States championship tournament 7 to 6.

His position as world's champion while unofficial was won in a tournament in which the premier golfers of the world were entered, the champion of France, a Scotchman and the title holders of Canada and England having competed.

"In what other countries is golf really played?" asked enthusiasts in arguing the claims of Evans to the world's championship.

Evans has now joined the select few who have held the United States amateur title for more than one year. Not since 1913 when Jermoe D. Travers won the second year in succession, has a champion come back.

Evans was both amateur and open United States champion in 1916.

His victory in thirty holes was a surprise today to those who recalled his match with Ouimet at Oakmont where Ouimet won by a long putt at the home green. Ouimet's putting today was a great factor in his defeat but, being two down at the 18th hole, he must indeed have played super golf even to hold down the advantage of this streak let alone overcome it.

When Evans went out in 34, two under par, even the most enthusiastic admirers of Ouimet saw that his task was hopeless. Evans was seven up at the turn in the afternoon and then there was no doubt of the result.

Evans lost only one hole of the afternoon and this time he was in a bunker and for the only time in the afternoon round took more strokes than par while he had three birdies. While Quimet had the longer drives on sixteen of the 25 long holes which they played today, he drove into the rough from the tee six times and Evans only once.

Evans made the longer drive on eight of the long holes, and they were even at one, having to toss to decide which should make his approach first.

Evans put his tee shots nearer the cup on three of the five shot holes, Ouimet on two.

Evans had the better approach on 13 of the long holes and Quimet on 12.

The figures in this respect do not do Evans justice for the approaches that were to his advantage usually left him dead to the pin or two easy putts. Ouimet put his ball in traps or bunkers eight times and Evans only twice. Ouimet gained no advantage whatsoever from his longer driving as Evans offset this by keeping his ball in the fairway. He made the 56 yard ninth hole, the longest on the course in a par five in the morning round in a birdie four in the afternoon play. Ouimet took a six each time at this hole, needing three to get on the edge of the green, while Evans was at this position in two shots on one occassion and on the other his second shot left him a chance for an Eagle if he cared to hole a long putt like Ouimet did two holes in the morning. They halved the first five holes and Ouimet was one up after a birdie on the sixth. Evans squared it at the turn by his excellent playing on the long hole and Ouimet was never in the lead again. Evans took the lead by a birdie on the tenth and after Ouimet had squared the match by a birdie on the 11th, they halved the 12th, and Evans took the lead by a par four at the 13th hole, never to lose it.

New York, Sept. 11.—Agreement for a 15-round bout between Jack Dempsey, world's heavy weight champion, and Bill Brennan of this city, was signed today. The bout will be staged at Madison Square Garden, October 1st.

MARRIED IN CALIFORNIA

The many friends of Miss Agnes Tivnen formerly of 360 E. Wolcott St. Jacksonville, Illinois, will be interested in knowing of her marriage to Albert La Barge of Los Angles, California. The marriage took place at Santa Ana in Orange county, Calif., where the wedding party drove September 6. They were accompanied by Mrs. Anna Large, a sister of the bride.

Miss Tivnen has lived in Jacksonville all her life until July 12, 1920, when she left for California with her mother, sister and two brothers. One sister, Mrs. Ralph Stringham lives at 139 E. Walnut street, Jacksonville, Illinois.

The groom is a machinist by trade and is a resident of Los Angeles. He is well thought of by his many friends both here and in Toledo, Ohio, his former home.

The young couple have bought a lot in Hollywood, the beautiful suburb of Los Angeles where they intend to build a bungalow in the near future.

ELKS MERCHANTS TO BE HERE TODAY

Fast Springfield Team Here for Game With Indees—Visitors Will Present Strong Aggregation.

Manager Smith announced last night that weather permitting, the Elks Merchants would be here for a game with the Indees this afternoon.

The visitors come with a reputation of being one of the fastest teams playing out of Springfield. A glance at their lineup shows some of the strongest players in Springfield.

Moakley who appeared here with Myers Brothers is catching for the Merchants. Smith who pitched for Dawson last year is doing the hurling for the visitors and is a hard man to beat.

John Wright is slated to be on the mound for the Indees with Earl Clark doing the receiving. Christopher will be at second with Harry Clark in center. The teams will lineup as follows:

Elks Merchants—Moakley, c; Shaughnessey, 1b; Segin, 2b; Foss, ss; Davis, 3b; Peirid ,lf; Bryce, cf; Jones, rf; Smith, p; Henson, utility.

Indees—Denny, 3b; Wheeler, 1b; E. Clark, c; H. Clark, cf; DeFrates, ss; Scott, rf; Christopher, 2b; Riggs, lf; Wright, p.

COACH MITCHELL CALLS OUT HIGH SCHOOL SQUAD

Suits Were Given Out to Twenty Four Men at David Prince Gymnasium Saturday Afternoon—Men Look Good to "Mitch."

Tweuty-four men reported at David Prince Gymnasium Saturday afternoon in response to the call issued by Coach John Mitchell.

The men were assigned suits and will begin practice on Illinois field Monday morning. The local schedule calls for a game with Beardstown on September 25, just two weeks after school opens.

This is rather short preparation and Coach Mitchell will push the men the next two weeks in order to whip a team into shape for the first grid battle of the season.

The new coach should put Jacksonville athletic teams in the running the coming season. He is a graduate of Illinois College in the class of 1917. At Illinois he played at tackle and is considered one of the greatest players ever turned out of the Blue and White school. Last year he coached with success at Flora high school.

Coach Harmon recently said of Mitchell that he did more and said less than any man he had ever known on an Illinois team.

One thing sure, Mitchell was a fighter, and Coach Harmon never had to worry about anybody going thru his side of the line. We believe Mitchell will instil some of his fighting spirit into the members of the team.

While it is early to predict what Jacksonville will do, yet with enough for two teams reporting right at the opening of school it looks as tho the Red and White will have a banner year. There are sure to be other men report after school opens who probably were not able to get to the Gymnasium Saturday afternoon.

Among the old men are, Capt. Gard, Arter, Bray, Arnold, Reynolds and H. Cockin. In addition there are: Hackett, Reid, Alexander, Camm, Corrington, Kuppler, Lewis, Hopper, LaRue, E. Bray, Nicol, Struck, Goebel, Hunt, G. Cockin, Kelly, Sanders,, Perbix.

The schedule follows:
Sept. 25—Beardstown here.
Oct. 2—Hannibal here.
Oct. 9—Pittsfield here.
Oct. 16—Decatur at Decatur.
Oct. 23—Peoria Manual here.
Oct. 30—Quincy at Quincy.
Nov 6—Waverly here.
Nov. 13 — Springfield at Springfield.
Nov. 25—Open.

Speaker Regains His Batting Eye

CHICAGO, Sept. 11. — Tris Speaker, manager of the Cleveland Indians, regained his batting eye during the past week, and tied George Sisler, the St. Louis star, for batting honors in the American League, according to averages released today and which include games of last Wednesday. Sisler went into a slump and dropped to 391, the mark which Speaker has attained. Joe Jackson of Chicago stands in third place with an average of .384, while "Babe" Ruth, the New York home run king, is in fourth place with .375.

Ruth cracked out his 48th home run during the past week and broke the home run record held by Perry Werden of Minneapolis. He now is the greatest home run hitter of all time.

Speaker is leading the run getters with 110 runs to his credit while Rice of Washington is far in front in stolen bases with 49.

Other leading batters for 60 or more games: E. Collins, Chicago, .365; Meusel, New York, .346; Rice, Washington, .343; Judge, Washington, .343; Jacobson, St. Louis, 337; Hendryx, Boston, .337.

Nicholson of Pittsburgh has dethroned Hornsby of St. Louis for batting honors in the National League. The slugging Pittsburgh outfielder is hitting .387 while the St. Louis star slumped to .355, with Eayrs of Boston pushing him with .351.

Williams of Philadelphia cracked out another homer and has brought his string up to 14, while Carey of Pittsburgh continues to show the way to the base stealers with 48 thefts. Bancroft of New York is the best run getter with 89 tallies.

Other leading batters:

Young, New York, .344; Roush, Cincinnati, .340; J. Smith, St. Louis, .328; Stock, St. Louis, .328; Z. Wheat, Brooklyn, .323; King, New York, .321; Hollocher, Chicago, .318.

Wickland of Toledo has batted himself into second place in the American Association with an average of .334, while Hartley of Columbus tops the list with .351 Hargrave of St. Paul and Brief of Kansas City remain in a tie for home runs with 20 each while Rapp of St. Paul is out in front in stolen bases with 43.

Other leading batters: Rondeau, Minneapolis, 333; Hargrave, St. Paul, .322; Hyatt, Toledo, .327; Tincup, Louisville, .326; Good, Kansas City, .325; Wade, Minneapolis, .325; Rapp, St. Paul, .324; E. Miller, 320; Brief, Kansas City, .318.

Harper of Little Rock with an average of .354 is heading the batters of the Southern Association and also is setting the pace for stolen base honors with 34 thefts. Carroll of Memphis is the leading run getter with 96 and E. Miller of Little Rock is leading in circuit drives with 18 homers to his credit.

Other leading batters; E. Miller, Little Rock, .326; Carroll, Memphis, .324; Ellis, Birmingham, .322; McLarry, Memphis, .319; Burke, Nashville, .317; Bernsen, Birmingtcn, .310, Barnhart., Birmingham, 310; Gilbert, New Orleans, .296, Wingo, Atlanta, .291; DeBerry, New Orleans, 291.

Western League batters continued to be led by East of Wichita with .377, while Yaryan a teammate, is the runnerup with .342. Lee of Omaha heads the base stealers with 35 thefts, and Yaryan is far ahead in home runs with 31.

Other leading abtters: Bogart, Joplin, .338; Pitt, Oklahoma City, .330; Platte, Omaha, .327; Shestak, St. Joseph, .325; Tierney, Tulsa, —324; Beck, Wichita, .324; Lelivelt, Omaha, .324; Walker, St. Joseph, .323.

GIVE TABLET FOR NEWTON BATEMAN

Judge and Mrs. George A. Lawrence of Galesburg Provide a Memorial for Famous Educator — D. A. R. Magazine Carries Story of Local Chapter.

Miss Sarah Maria Fairbank, Regent of Rev. James Caldwell Chapter, D. A. R., found in the mail on her desk Saturday a letter from Mrs. George A. Lawrence of Galesburg containing a check for a memorial for Newton Bateman, the famous educator and former resident of Jacksonville, to be placed in Governor Duncan Memorial building.

Judge Lawrence is a prominent attorney of northern Illinois and first vice president of the Illinois State Historical society. He is a man of culture and prominent in state affairs and always interested in all forward movements.

Mrs. Lawrence has for years been a leader in state and national D. A. R. circles and is an honorary state regent of Illinois. It was largely thru her efforts that the law adopting a state flag was passed.

This gift of Judge and Mrs. Lawrence for a Newton Bateman memorial shows that the local chapter's efforts in securing a chapter home and memorial hall has attracted state wide attention. The letter from Mrs. Lawrence and the article from the D. A. R. Magazine which was contributed by Mrs. Minnie W. Cleary, Chapter Historian, are given hereunder:

Letter of Mrs. Lawrence

Galesburg, Ill., Sept. 8, 1920.
Rev. James Caldwell Chapter,
D. A. R.,
Jacksonville, Ill.
Dear Co-Workers:

We congratulate you on the success of your plans and work for a chapter home in the Duncan Memorial plan. Mr. Lawrence and I send the chapter our check, dated Oct. 1, for one hundred dollars for a tablet to be placed in the memorial room in the chapter house, (Duncan Memorial). The tablet to be dedicated to Hon. Newton Bateman as a tribute of our love and esteem for him as a friend and public instructor in Illinois.

This gift is from Mr. and Mrs. George A. Lawrence. Success and appreciation we send you.
Yours cordially in D. A. R. bonds,
Ella Park Lawrence.

Proud of Achievement

Rev. James Caldwell Chapter (Jacksonville, Ill.) has just completed the purchase of the Governor Joseph Duncan home for a museum. Since the project was launched only last September, the members feel justly proud of having gained their goal in so short a time. It is planned to make of this chapter house a memorial to the pioneers of Jacksonville and the surrounding county of Morgan, an historical museum, as well as a center for the club life of the community.

Purchase of the Duncan home was first suggested by Mr. H. H. Bancroft, assistant director of the recent Illinois State Centennial celebration. In the course of his work in this capacity Mr. Bancroft became more and more interested in Illinois history, especially that pertaining to his own home town, Jacksonville. Learning that the Duncan home was to be sold, he suggested to Miss Sara Maria Fairbank, who was centennial representative of our district, for the women's clubs, the plan which has since been carried out. Miss Fairbank, as it happened, was soon after elected regent of the Rev. James Caldwell Chapter, and presented the matter to the members at the first meeting last fall.

This meeting, thru the courtesy of Mrs. E. P. Kirby (then owner of the Duncan home), was held in the very rooms where the chapter was organiezd in 1896. The first Mrs. Kirby, daughter of Joseph Duncan and descendent of James Caldwell, was the moving spirit who prompted the organization of our chapter, and by a pleasing coincidence, Miss Fairbank ,now regent, served as secretary at the first meeting.

Method of Raisng Money

The method of raising money for the purchase of the chapter house was adopted from that used by the Historical society of Quincy in buying the Gov. John Wood home. A room in the house is to be set aside for memorial panel tablets. Any person, may, on payment of $100, have the name of any pioneer or prominent or respected citizen of Morgan county inscribed upon a tablet to be placed in this room. Names eligible for tablet panels are not confined to ancestors of members of the chapter.

So quickly did this plan meet with response from both present and past residents of the county that on the first of May the chapter was able to pay in cash the entire purchase price of $11,000. After paying for the property, which has a frontage on Duncan park of 185 feet and a depth of 500 feet, there is money available for installing the tablets and making necessary changes. None of the money paid for tablets has been used for expenses, these having been provided from the proceeds of a concert given by Mrs. Grace Wood Jess, under the leadership of Mrs. W. Barr Brown, Jr.

In order to hold property it was necessary for the chapter to incorporate and such papers have been filed. The local chapter of the S .A R., which has for years been inactive, is being revived and will probably share in the use of the chapter house.

Has Many Activities

While the greatest interest of our members for the past year has centered about the purchase of this historic home, they have continued their usual activities. To the Y. W. C. A. campaign they gave $10 in addition to $34 already given to the "Carry On" fund. The last $20 was paid on the Rev. James Caldwell chapter (100.) Memorial scholarship for the Tomassee school and two French orphans have been carried thru another year.

The social and patriotic functions began with a Flag Day picnic at the home of Mr. Gates Strawn. Mr. Strawn and his sister, ex-Regent Ellie J. Trabue, were untiring in their aid to the chapter during the stress of war work, and have been equally zealous in pushing the memorial project.

On armistice day at the general celebration in Jacksonville, Mrs. Harriet Nelson read by request a beautiful memorial to the soldier dead of Morgan county, which she had prepared as part of a program for our chapter. On Feb. 22 a vesper service was arranged, but regretfully abandoned on account of the influenza epidemic then prevailing. On May 2, fifty members attended the American Day exercises at the opera house, and we also participated in the Memorial day services.

During the year over 60 new members have been added to our roll, and that without any especial effort to enlarge our membership.

Our state conference was attended by Miss Fairbank, regent, and Mrs. Marshall Miller, delegate, and both Miss Fairbank and her sister, Mrs. Edward Carter, expected to attend the national congress, but were prevented by illness. Miss Effie Epler, state librarian of the D. A. R., and a member of our chapter, was present at the congress. Next year the Rev. James Caldwell chapter will be hostess to the state conference.

OUR CONGRESSMAN.

Richard Yates, one of Jacksonville's distinguished sons, is a candidate for Congress from the state at large at this approaching primary. He well filled the office of County Judge and Governor of Illinos, carrying the name of our city thruout the State; and he has now, for two years past added further honor to our city as Member of Congress.

In that office his voice has been heard as ever, for the best for the country and for the Republication party. His voice has rung out for patriotic things, and rung true.

His record has been an honor to this city of his birth and education, and to Illinois College, his alma mater, and it is one of the best afforded Illinois and the Republican party.

On Wednesday Richard Yates will be a candidate for Congressman from the State-at-large, and good Republicans can support his candidacy, because he is a good Republican, and an honor to the state, to the party and to Jacksonville. Let all Republicans help this our own citizen and friend.

FINE PEACHES.

A. N. Hall, residing north of the city, near Arcadia, has certainly been successful as a grower of peaches. He has some seedling fruit which is truly wonderful. The peaches are from ten to eleven inches in circumference and of a fine quality. Mr. Hall has na name for them but he should distribute some gratings and call them "Hal's Wonder" which would be very appropriate.

ELECTROLYTE 100 PER CENT EFFICIENT

Elimination of separators from the ELECTROLYTE means 100 per cent battery efficiency . It means a battery free from [illegible], free from constant care and attention. This wonderful new invention means longer life for your battery, makes frequent recharging unnecessary, prevents loss of capacity, insures 100 per cent efficiency of the plates. The ELECTROLYTE Separatorless Storage Battery means not only 100 per cent in results but requires a minimum of cost, care and attention.

The ELECTROLYTE Battery does away with periodic recharging and overcharging to prevent and reduce suplhation. There is na need to limit the discharge to a certain voltage per cell or to take apart and wash plates when not in use for an extended period. It cannot be injured by buckling of plates on heavy discharges and is not harmed if left uncharged for any length of time. When not in use, no special attention is required, except that it be kept filled with distilled water.

GIVE TABLET FOR NEWTON BATEMAN

Judge and Mrs. George A. Lawrence of Galesburg Provide a Memorial for Famous Educator — D. A. R. Magazine Carries Story of Local Chapter.

Miss Sarah Maria Fairbank, Regent of Rev. James Caldwell Chapter, D. A. R., found in the mail on her desk Saturday a letter from Mrs. George A. Lawrence of Galesburg containing a check for a memorial for Newton Bateman, the famous educator and former resident of Jacksonville, to be placed in Governor Duncan Memorial building.

Judge Lawrence is a prominent attorney of northern Illinois and first vice president of the Illinois State Historical society. He is a man of culture and prominent in state affairs and always interested in all forward movements.

Mrs. Lawrence has for years been a leader in state and national D. A. R. circles and is an honorary state regent of Illinois. It was largely thru her efforts that the law adopting a state flag was passed.

This gift of Judge and Mrs. Lawrence for a Newton Bateman memorial shows that the local chapter's efforts in securing a chapter home and memorial hall has attracted state wide attention. The letter from Mrs. Lawrence and the article from the D. A. R. Magazine which was contributed by Mrs. Minnie W. Cleary, Chapter Historian, are given hereunder:

Letter of Mrs. Lawrence

Galesburg, Ill., Sept. 8, 1920.
Rev. James Caldwell Chapter,
D. A. R.,
Jacksonville, Ill.
Dear Co-Workers:

We congratulate you on the success of your plans and work for a chapter home in the Duncan Memorial plan. Mr. Lawrence and I send the chapter our check, dated Oct. 1, for one hundred dollars for a tablet to be placed in the memorial room in the chapter house, (Duncan Memorial). The tablet to be dedicated to Hon. Newton Bateman as a tribute of our love and esteem for him as a friend and public instructor in Illinois.

This gift is from Mr. and Mrs. George A. Lawrence. Success and appreciation we send you.
Yours cordially in D. A. R. bonds,
Ella Park Lawrence.

Proud of Achievement

Rev. James Caldwell Chapter (Jacksonville, Ill.) has just completed the purchase of the Governor Joseph Duncan home for a museum. Since the project was launched only last September, the members feel justly proud of having gained their goal in so short a time. It is planned to make of this chapter house a memorial to the pioneers of Jacksonville and the surrounding county of Morgan, an historical museum, as well as a center for the club life of the community.

Purchase of the Duncan home was first suggested by Mr. H. H. Bancroft, assistant director of the recent Illinois State Centennial celebration. In the course of his work in this capacity Mr. Bancroft became more and more interested in Illinois history, especially that pertaining to his own home town, Jacksonville. Learning that the Duncan home was to be sold, he suggested to Miss Sara Maria Fairbank, who was centennial representative of our district, for the women's clubs, the plan which has since been carried out. Miss Fairbank, as it happened, was soon after elected regent of the Rev. James Caldwell Chapter, and presented the matter to the members at the first meeting last fall.

This meeting, thru the courtesy of Mrs. E. P. Kirby (then owner of the Duncan home), was held in the very rooms where the chapter was organiezd in 1896. The first Mrs. Kirby, daughter of Joseph Duncan and descendent of James Caldwell, was the moving spirit who prompted the organization of our chapter, and by a pleasing coincidence, Miss Fairbank ,now regent, served as secretary at the first meeting.

Method of Raiisng Money

The method of raising money for the purchase of the chapter house was adopted from that used by the Historical society of Quincy in buying the Gov. John Wood home. A room in the house is to be set aside for memorial panel tablets. Any person, may, on payment of $100, have tne name of any pioneer or prominent or respected citizen of Morgan county inscribed upon a tablet to be placed in this room. Names eligible for tablet panels are not confined to ancestors of members of the chapter.

So quickly did this plan meet with response from both present and past residents of the county that on the first of May the chapter was able to pay in cash the entire purchase price of $11,000. After paying for the property, which has a frontage on Duncan park of 185 feet and a depth of 500 feet, there is money available for installing the tablets and making necessary changes. None of the money paid for tablets has been used for expenses, these having been provided from the proceeds of a concert given by Mrs. Grace Wood Jess, under the leadership of Mrs. W. ENGAGEMENT MADE KNOWN SATURDAY

Miss Norma Dawson Will Wed Mr. Ernest Stout — Announcement Made at Luncheon Event.

At a very pretty luncheon given at the home of Mrs. Tillman Stout on North Church street Saturday afternoon, announcement was made of the engagement of Miss Norma Dawson to Mr. Ernest G. Stout. The hostesses at this function were Mrs. Stout, Miss Leona Dawson and Miss Edna Stout.

It was during the final course that the guests were permitted to share the secret. Corsage bouquets of roses and tiny asters tied with tulle surrounded a beautiful bowl of pink roses and formed the centerpiece for the dining table. When the guests drew the pink ribbons that stretched from the bouquets to the places, tiny hearts were revealed with the initials "N. D." and "E. O. S." Dainty cupid place cards and candy baskets made the other table decorations the more beautiful. The guest list included only the intimate friends of the bride-to-be, covers being laid for twelve.

Miss Dawson is a granddaughter of Mrs. Wood of Grove street and during the past year has served with acceptance as office secretary for the Red Cross. She is a very admirable young woman.

Mr. Stout is a son of Mr. George W. Stout of North Church street. In the war time he was in overseas service and after his release from the army resumed his position with the firm of Myers Bros. where he is held in high regard.

ABSENTEE VOTERS LAW EXPLAINED

In the last few days County Clerk G. L. Riggs has been called upon many times for absentee voters' ballots. The law provides that such ballots can not be issued more than 30 days before an election and not less than 10 days. Therefore the time is now past for the issuance of these ballots and Mr. Riggs has so informed people who have made application at his office in recent days.

An understanding of the law is important now only as it is made clear with reference to the November election. The language of the law is as follows:

"Any elector expecting to be absent from the county of his residence on the day of such election may, not more than thirty nor less than ten days prior to the date of such election make application to the county clerk or, where existing, to the board of election commissioners, or other officer or officers charged with the duty of furnishing ballots for such election in his voting precinct, for an official ballot for such precinct, to be voted at such an election."

This law was amended by Act approved June 28, 1919. Previous to that time absent voters' ballots could be obtained until three days before an election

PUBLIC SCHOOLS TO OPEN MONDAY

All in Readiness for First Day Exercises—Roster of Teachers for Coming Year.

The teachers of the elementary school held a meeting Saturday morning to hear the program of scool activities for the coming year as outlined by Superintendnet Perrin. Subsequently the principals and the teachers of the different rooms met and laid out their specific plans for the school opening.

The program as arranged for the opening, provides for the Junior schools to assemble Monday morning at 9 o'clock, the David Prince Junior High school, at 7:45 o'clock and the Senior High school at 2:30.

Regulations were laid out concerning entrance requirements and conduct on the grounds. In part they are as follows:

Children who are six years of age before Thanksgiving are eligible to, at any time, enter the school.

The proper hour for morning arrival is set at 8:30 and in the afternoon 1:15, with the restriction that High school students **should not enter the grounds before 12:15 or those attending** David Prince before 1:30. **There** is to be no congregation of pupils **on the school grounds before or** after school.

On account of the great number of children now in the city and the fact that if they cross over the lines of their sub-districts it is impossible to secure seats it is ruled imperative that all children of the elementary schools attend school in the sub-district to which they belong. When it is known that there are seats available, requests for transfers will be issued but it is evident that there cannot be much transferring done in the elementary schools.

Every child should enroll Monday morning in order to get list of books and the position of his seat assigned to him.

The following is the list of teachers as assigned to the schools for the coming year:

CONVENTION HAD FINE SESSIONS

Sunday School Workers Discussed Matters of Great Interest—Program Had Good Features

The program of the sixty-first annual Sunday school convention of Morgan county was carried out in full as formerly printed except a few minor changes and the failure of one number on the last day of the convention. There were several pleasant surprises for the delegates, one of which was the presence and services of Fred Fisher, who accompanied Homer Wood in leading the singing on Thursday. Another surprise was the instrumental and vocal music furnished by the Woodson people.

The sessions were exceptionally good and helpful and very well attended. There were 174 registered delegates which is more than usual at these gatherings.

The officers of the Association wish to publicly express their sincere appreciation of the kindly hospitality of the Woodson and Asbury people who assisted so effectively in making the convention a success. They also want to especially thank Messrs. Wing, Morris and Walker for their very helpful and instructive addresses and also express their appreciation of the services of the other leaders who assisted in the various sessions of the convention.

The matter of the county standing in relation to the state standard had been misunderstood at the state convention last June. The impression was left that Morgan county was only a 10% county, but the fact is that we are 75% standard. We hope to add a few more points to that this year. If Meredosia and Waverly precincts had succeeded in having representatives present during the county convention we could have had 10% more on the score for next year, but they failed and so we cannot hope to be better than 90% this year.

The following is the financial report of the county secretary and treasurer for the year ending September 8th, 1920:

ENGAGEMENT MADE KNOWN SATURDAY

Miss Norma Dawson Will Wed Mr. Ernest Stout — Announcement Made at Luncheon Event.

At a very pretty luncheon given at the home of Mrs. Tillman Stout on North Church street Saturday afternoon, announcement was made of the engagement of Miss Norma Dawson to Mr. Ernest G. Stout. The hostesses at this function were Mrs. Stout, Miss Leona Dawson and Miss Edna Stout.

It was during the final course that the guests were permitted to share the secret. Corsage bouquets of roses and tiny asters tied with tulle surrounded a beautiful bowl of pink roses and formed the centerpiece for the dining table. When the guests drew the pink ribbons that stretched from the bouquets to the places, tiny hearts were revealed with the initials "N. D." and "E. O. S." Dainty cupid place cards and candy baskets made the other table decorations the more beautiful. The guest list included only the intimate friends of the bride-to-be, covers being laid for twelve.

Miss Dawson is a granddaughter of Mrs. Wood of Grove street and during the past year has served with acceptance as office secretary for the Red Cross. She is a very admirable young woman.

Mr. Stout is a son of Mr. George W. Stout of North Church street. In the war time he was in overseas service and after his release from the army resumed his position with the firm of Myers Bros. where he is held in high regard.

ABSENTEE VOTERS LAW EXPLAINED

In the last few days County Clerk G. L. Riggs has been called upon many times for absentee voters' ballots. The law provides that such ballots can not be issued more than 30 days before an election and not less than 10 days. Therefore the time is now past for the issuance of these ballots and Mr. Riggs has so informed people who have made application at his office in recent days.

An understanding of the law is important now only as it is made clear with reference to the November election. The language of the law is as follows:

"Any elector expecting to be absent from the county of his residence on the day of such election may, not more than thirty nor less than ten days prior to the date of such election make application to the county clerk or, where existing, to the board of election commissioners, or other officer or officers charged with the duty of furnishing ballots for such election in his voting precinct, for an official ballot for such precinct, to be voted at such an election."

This law was amended by Act approved June 28, 1919. Previous to that time absent voters' ballots could be obtained until three days before an election

CHAS A. ROSE FOR CORONER

Asks your support on the grounds of efficiency. During his term in office there has not been one word of criticism. He has been tried and found capable. If ability, courteous treatment and efficiency are worth anything it behooves the voters to think well before casting their vote for coroner.

PUBLIC SCHOOLS TO OPEN MONDAY

All in Readiness for First Day Exercises—Roster of Teachers for Coming Year.

The teachers of the elementary school held a meeting Saturday morning to hear the program of scool activities for the coming year as outlined by Superintendnet Perrin. Subsequently the principals and the teachers of the different rooms met and laid out their specific plans for the school opening.

The program as arranged for the opening, provides for the Junior schools to assemble Monday morning at 9 o'clock, the David Prince Junior High school, at 7:45 o'clock and the Senior High school at 2:30.

Regulations were laid out concerning entrance requirements and conduct on the grounds. In part they are as follows:

Children who are six years of age before Thanksigiving are eligible to, at any time, enter the school.

The proper hour for morning arrival is set at 8:30 and in the afternoon 1:15, with the restriction that High school students **should not enter the grounds before 12:15 or those attending** David Prince **before 1:30. There** is to be no congregation of pupils **on the school grounds before or** after school.

On account of the great number of children now in the city and the fact that if they cross over the lines of their sub-districts it is impossible to secure seats it is ruled imperative that all children of the elementary schools attend school in the sub-district to which they belong. When it is known that there are seats available, requests for transfers will be issued but it is evident that there cannot be much transferring done in the elementary schools.

Every child should enroll Monday morning in order to get list of books and the position of his seat assigned to him.

The following is the list of teachers as assigned to the schools for the coming year:

MR. ROBINSON MAKES STATEMENT

Editor Journal:

Rumors have been circulated to the effect that I, as state's attorney, did not do my duty in regard to the recent cases wherein Charles Magill is the defendant.

In the first place it has been widely circulated that because of my inactivity Mr. W. N. Hairgrove had to be called into the case after the grand jury met. The fact is that Mr. Hairgrove was called into the case by County Commissioner Wheeler long before the grand jury met.

Furthermore it is being circulated that I allowed the cases to be continued. The fact is Mr. Hairgrove and I, acting for the prosecution, answered ready for trial when the cases were called and when the defendant's attorneys made a motion for continuance we resisted the same to the best of our ability. The court allowed the motion over our objections.

Furthermore it is reported that the surety on the bond was not satisfactory. Mr. Hairgrove and I, acting for the prosecution, made a motion for better surety and the matter was tried before Judge Burton, who held, after hearing the evidence on both sides, that he would not allow the motion.

Furthermore it is reported that some of the cases against Mr. Magill have been dismissed by me. The fact is, and the records will show it, that none of them have been dismissed, but all of them are still on the docket awaiting trial at the next term of court.

I would not deny such reports were it not for the fact that my silence might be construed to mean that they are true. They are not true and are being circulated for one purpose only, namely, that of injuring the reputation of a candidate for office.

Mr. Hairgrove, an able and experienced lawyer, acted with me thru these cases, and I take the liberty to refer to him anyone really wanting to know the facts.

Carl E. Robinson.

SWEEPING CHANGES AT AMERICA'S GATEWAY

Immigration Commissioner F. A. Wallis Proposes to Make Ellis Island Comfortable for Newcomers.

New York.—Sweeping changes are being made at America's gateway—Ellis Island—by Immigration Commissioner Frederick A. Wallis, who proposes to make the big immigration station more comfortable for the newcomers to the United States.

Freedom and sunshine is being planned for the new arrivals by the commissioner who has just announced plans for improving conditions in general on the island. Larger buildings are to be asked he said, sanitary conditions improved, additional cots provided for those unable to get beds and many other conveniences for the immigrant are to be installed.

Demands Decent Treatment

Kind and decent treatment for all new arrivals has been demanded by Commissioner Wallis who has already announced the discharge of some of the veteran attendants for alleged harshness or inefficiency in receiving immigrants. Their places have been filled by more courteous attentive and younger men.

"I propose to make this receiving station representative of all American promises," he said.

Commissioner Wallis asserted that he planned to install baths at the Island in order that every individual entering the country will be given a bath and have his clothes sterilized before he enters the station.

They made our soldiers do this, he said, "so why not make our immigrants. This will be a big step towards preventing disease from entering our gates and will have a great moral and physicological effect."

One of the latest improvements by Commissioner Wallis has been the supplying of warm milk to mothers with babies. This was done as soon as the commissioner learned that chilled milk made the infants sick.

Have Freedom of Hall

When he learned that hundreds of immigrants were jammed in the detention pens the commissioner ordered the liberation of the occupants and gave them the freedom of the large examination hall.

Commissioner Wallis has appealed to Washington to remove the alleged radicals and anarchists detained at the island for deportation because of crowded condition at the immigration station.

"They are a defiant lot and should be deported." he said. "They occupy a room that could accommodate a couple of hundred imigrants."

Railroads to Co-operate

Railroads have also been asked by the commissioner to provide better transportation facilities for the immigrants and stop employes from "grafting" from the newcomers. He also wants them to be properly fed while being detained for entrainment.

While funds are not immediately available for improvements at the Island, Commissioner Wallis said, he will ask congress to provide the money. He said that he had already asked permission to raise funds by public subscription if the necessary money could not be provided by the government.

CONSERVATORY NOTES

The Concervatory will open its year on Wednesday, September 22nd. The registration days fall this year on Monday and Tuesday Sepetember 20th and 2-st.

Mr. Claton Quast, baritone, who has been appointed head of the voice department, succeeding Mr. Charles Keep, will sing a solo in State street church Sunday, September 12th. Mr. Quast will give a song recital toward the last of the month, assisted by Mr. Munger, pianist.

Mr. Kritch and Mr. Munger returned September st from an extended motor trip in the east, where they visited Washington, Philadelp, New York, Boston, the White Mountains, Montreal, Niagara Falls and Deland, Mich., from where they returned to Jacksonville via Chicago.

Mrs. Bullard returned recently from Old Mission, Mich., where she spent part of the summer, with her daughter, Miss Virginia. Miss Long has spent most of the summer vacation in Jacksonville, as has Miss Pires. Mr. Beebe is in Springfield, and will resume his work as 'cello instructor at the Conservatory. Miss Mabel Forrester will not be in Jacksonville this winter, being engaged in chautauqua work. Her place will be taken by Miss Helene B. Sorrells, who will act as assistant instructor in violin.

You Can Save From $15 to $20 on a Monarch Range at Our Store Now

REASON NO. 1—For Above Statement:—Our advanced purchases enable us to sell Monarchs to you at these low prices.

REASON NO. 2—The Monarch Range Co., are the only Malleable Iron Range manufacturers that make all parts for a complete range in their own factory. Other makers buy the malleable castings elsewhere, then assemble their range. This adds another manufacturer's profit. Monarch prices are kept down and their construction improved by standardized production, that no other maker can give you.

The Monarch Costs Less and Last Longer

REASONS—Monarch walls are covered with a heavy vitreous Enamel wherever exposed to the creosote gases. Vitreous Enamel is the only thing known to chemical science that will not corrode or rust. All joints of the Monarch are hand riveted and air tight. No chance is given the false drafts to eat up the fuel. You do yourself an injustice whenever you buy a range without first seeing the Monarch. Come in and let us explain this wonderful stove to you.

It's fine, clean, handsome appearance, the ease with which you can get at all its parts as well as its simple operation. But most of all you will admire it's great power and it's low running cost. This great power is the result of the famous 16 valve engine—the most important step in tractor manufacturing since the beginning of the tractor industry. Live axle with direct drive on both speeds is another great feature. Come in and let us give you the whole story about this Twin City 12-20. When you buy a tractor you want the mast power you can get at the lowest possible cost, and that it what this Twin City 12-20 delivers.

MR. ROBINSON MAKES STATEMENT

Editor Journal:

Rumors have been circulated to the effect that I, as state's attorney, did not do my duty in regard to the recent cases wherein Charles Magill is the defendant.

In the first place it has been widely circulated that because of my inactivity Mr. W. N. Hairgrove had to be called into the case after the grand jury met. The fact is that Mr. Hairgrove was called into the case by County Commissioner Wheeler long before the grand jury met.

Furthermore it is being circulated that I allowed the cases to be continued. The fact is Mr. Hairgrove and I, acting for the prosecution, answered ready for trial when the cases were called and when the defendant's attorneys made a motion for continuance we resisted the same to the best of our ability. The court allowed the motion over our objections.

Furthermore it is reported that the surety on the bond was not satisfactory. Mr. Hairgrove and I, acting for the prosecution, made a motion for better surety and the matter was tried before Judge Burton, who held, after hearing the evidence on both sides, that he would not allow the motion.

Furthermore it is reported that some of the cases against Mr. Magill have been dismissed by me. The fact is, and the records will show it, that none of them have been dismissed, but all of them are still on the docket awaiting trial at the next term of court.

I would not deny such reports were it not for the fact that my silence might be construed to mean that they are true. They are not true and are being circulated for one purpose only, namely, that of injuring the reputation of a candidate for office.

Mr. Hairgrove, an able and experienced lawyer, acted with me thru these cases, and I take the liberty to refer to him anyone really wanting to know the facts.

Carl E. Robinson.

SWEEPING CHANGES AT AMERICA'S GATEWAY

Immigration Commissioner F. A. Wallis Proposes to Make Ellis Island Comfortable for Newcomers.

New York.—Sweeping changes are being made at America's gateway—Ellis Island—by Immigration Commissioner Frederick A. Wallis, who proposes to make the big immigration station more comfortable for the newcomers to the United States.

Freedom and sunshine is being planned for the new arrivals by the commissioner who has just announced plans for improving conditions in general on the island. Larger buildings are to be asked he said, sanitary conditions improved, additional cots provided for those unable to get beds and many other conveniences for the immigrant are to be installed.

Demands Decent Treatment

Kind and decent treatment for all new arrivals has been demanded by Commissioner Wallis who has already announced the discharge of some of the veteran attendants for alleged harshness or inefficiency in receiving immigrants. Their places have been filled by more courteous attentive and younger men.

"I propose to make this receiving station representative of all American promises," he said.

Commissioner Wallis asserted that he planned to install baths at the Island in order that every individual entering the country will be given a bath and have his clothes sterilized before he enters the station.

They made our soldiers do this, he said, "so why not make our immigrants. This will be a big step towards preventing disease from entering our gates and will have a great moral and physicological effect."

One of the latest improvements by Commissioner Wallis has been the supplying of warm milk to mothers with babies. This was done as soon as the commissioner learned that chilled milk made the infants sick.

Have Freedom of Hall

When he learned that hundreds of immigrants were jammed in the detention pens the commissioner ordered the liberation of the occupants and gave them the freedom of the large examination hall.

Commissioner Wallis has appealed to Washington to remove the alleged radicals and anarchists detained at the island for deportation because of crowded condition at the immigration station.

"They are a defiant lot and should be deported," he said. "They occupy a room that could accommodate a couple of hundred imigrants."

Railroads to Co-operate

Railroads have also been asked by the commissioner to provide better transportation facilities for the immigrants and stop employes from "grafting" from the newcomers. He also wants them to be properly fed while being detained for entrainment.

While funds are not immediately available for improvements at the Island, Commissioner Wallis said, he will ask congress to provide the money. He said that he had already asked permission to raise funds by public subscription if the necessary money could not be provided by the government.

CONSERVATORY NOTES

The Concervatory will open its year on Wednesday, September 22nd. The registration days fall this year on Monday and Tuesday Sepetember 20th and 2-st.

Mr. Claton Quast, baritone, who has been appointed head of the voice department, succeeding Mr. Charles Keep, will sing a solo in State street church Sunday, September 12th. Mr. Quast will give a song recital toward the last of the month, assisted by Mr. Munger, pianist.

Mr. Kritch and Mr. Munger returned September st from an extended motor trip in the east, where they visited Washington, Philadelp, New York, Boston, the White Mountains, Montreal, Niagara Falls and Cleland, Mich., from where they returned to Jacksonville via Chicago.

Mrs. Bullard returned recently from Old Mission, Mich., where she spent part of the summer, with her daughter, Miss Virginia. Miss Long has spent most of the summer vacation in Jacksonville, as has Miss Pires. Mr. Beebe is in Springfield, and will resume his work as 'cello instructor at the Conservatory. Miss Mabel Forrester will not be in Jacksonville this winter, being engaged in chautauqua work. Her place will be taken by Miss Helene B. Sorrells, who will act as assistant instructor in violin.

You Can Save From $15 to $20 on a Monarch Range at Our Store Now

REASON NO. 1—For Above Statement:—Our advanced purchases enable us to sell Monarchs to you at these low prices.

REASON NO. 2—The Monarch Range Co., are the only Malleable Iron Range manufacturers that make all parts for a complete range in their own factory. Other makers buy the malleable castings elsewhere, then assemble their range. This adds another manufacturer's profit. Monarch prices are kept down and their construction improved by standardized production, that no other maker can give you.

The Monarch Costs Less and Last Longer

REASONS—Monarch walls are covered with a heavy vitreous Enamel wherever exposed to the creosote gases. Vitreous Enamel is the only thing known to chemical science that will not corrode or rust. All joints of the Monarch are hand riveted and air tight. No chance is given the false drafts to eat up the fuel. You do yourself an injustice whenever you buy a range without first seeing the Monarch. Come in and let us explain this wonderful stove to you.

Mrs. Wm. P. Smith of Los Angeles, Calif., who says Tanlac completely restored her health when no one believed she would ever be well again. Has gained thirteen pounds.

"I will never stop praising Tanlac, for it has restored my health when everyone who knew of my dreadful condition had no idea I would ever get well.

"Two years ago, following an accident, I began suffering from indigestion and severe stomach trouble. I grew worse so rapidly that my health soon became perfectly wretched. My stomach became so weak I couldn't eat the simplest food o reven drink a glas sof milk without suffering for hours afterward. I was extremely nervous, and would have palpitation of the heart so badyl at times I would almost faint. My circulation was very poor, I had no color, and weighed only eighty-one pounds. It seemed I was just gradually starving by degrees, and I had admost given up hope.

"After the best medical treatment failed to help me, travel and a change of surroundings was advised, so I traveled nearly all over the United States and had treatment every place I went, but always with the same disappointing results. How I stood my suffering is more than I can tell, and I became so despondent that life seemed hardly worth living.

"That is just the condition I was in when I began taking Tanlac. When my husband first suggested Tanlac I told him I had no faith in it, but the next day he bought me a bottle, and to my great surprise it seemed to agree with me, so I kept on taking it. The results speak for themselves.

"I have gained thirteen pounds in weight, and I feel perfectly well in every way. My appetite is splendid and I eat just anything I want and never have the slightest symptom of indigestion. I am so happy over the recovery of my health that I feel just like telling everybody about this wonderful medicine."

The above remarkable statement was made recently by Mrs. William P. Smith, a well known and highly respected resident of Los Angeles, Calif., residing at 139 East Avenue 36.

Tanlac is sold in Jacksonville by J. F. Shreve and Coover Drug Co. drug stores and by the leading drug store in every town.—Adv.

Traffic Laws Issued By Secetary Emmerson

In the diagram No. 1 has the right-of-way over No. 2; No. 2 has the right-of-way over No. 3; No. 3 has the right-of-way over No. 4; No. 4 has the right-of-way over No. 1.

Altho it is generally supposed that every driver of an automobile knows that the car approaching from the right has the right - of - way, investigation proves that actually a great many drivers do not know it at all.

Automobile investigators for Secretary of State Louis L. Emmerson, whose duty it is to administer the automobile laws, have found surprising ignorance in this regard. Even among those who know the rule, there are many who are not aware that there is a law on the subject. Those believe the rule is established by custom, but that there is no way to compel them to obey it unless they are so inclined.

This fact has been noted in damage suits where the defendant was absolutely astonished when his attorney informed him that in failing to give the car approaching from the right the right-of-way he had violated a state law.

A prominent place has been given to this law in the little safeyt first folder issued by Secretary Emmerson. For the same reason, he calls attention to the law providing that in passing another car approaching from the opposite direction, the driver must keep to the right, and in passing a car proceeding in the same direction, he must pass on the left.

TAX PAYERS, NOTICE!

In the coming primary, Sept. 15, you will decide who is to be the candidate for county commissioner for the short term to fill the vacancy caused by the death of Captain Swales. This is one of the most important offices in the county. They make the levy, fix the rate and have the spending of the money for county purposes. By reason of two deaths on the county board in the last two years we have had too many new men on the board at once. Some of the old established rules of doing business have been overlooked until the county is behind about $75,000.00 according to auditors report a short time ago. I served one term on the board with Fred Hillig, P. D. Megginson, George Deitrick and J. C. McFillan.

By reason of that experience I was urgently solicited to be a candidate at this time. As taxpayers they wanted one of the men elected this fall to have had some experience on the board. If nominated and elected I will give you the best service possible. I earnestly request every Democrat, man and woman, to come out and vote. If you think I will be more valuable on the board than a new man, I will appreciate your vote.

My Platform: Lowest county taxes consistent with efficient management. 100 cents in service for each dollar expended.

NAME FOR NEW BUILDING

The action of the board of education Friday night in naming the new building looks like a fair effort to satisfy the wishes of all parties. If the stone bears in large enough letters the "J. H S." that would show that the traditional name, "Jacksonville High School," is still at the front while the words, "Newton Bateman Memorial," will suffice as a suitable tribute to the illustrious educator whose memory the board wishes to honor.

TO HIS REGIMENTAL REUNION

L. Goheen expected to start Monday for Lebanon to attend the reunion of his regiment, the 117th. The affair is to be under the auspices of McKendree College as the organization was largely of college men. The colonel, major and several officers were professors and many of the students were represented in the ranks. The regiment did good work in the war and gave a good account of itself.

THE APEX

The APEX Washer will save you the three R's of washday—no more Rubbing, 'Ringing or Rinsing by hand. After your clothes come spotlessly clean from the APEX oscillating tub, the swinging wringer does the rest. It wrings them into the rinse water, then into the blueing, then out ready for the line. This is the modern way of washing everything from the gauziest fabrics to the heaviest blankets—so quick, so easy and so saving of your strength and clothes.
If you do not have electricity in your home, we can wire your house completely or sufficiently to run the washing machine; the cost would be inconsequential.

"We Never Quit"

TO OUR PATRONS—The present conditions of business has made it necessary for us to find safe investments yielding a higher net income than local real estate mortgages. We found what we need, ocered by The Straus Brothers Company, of Ligonier, Ind. We have satisfied ourselves concerning their stability and good business management and of the real merit of theri offerings.

Their first farm mortgages are good and draw 6½% interest semi-annually and are guaranteed, both principal and interest. Their preferred stock draws 7% tax free payable quarterly and further participate in earnings of the company up to 10%.

We invite your most careful investigation. We can place your funds in any amount from $100.00 up, any day you may make application, without delay. For further particulars come to the office any day and be convinced.

Who has not felt the pull at the heart-string when the little one's cries of distress and pain rent the home? We do what we can to bring relief. Often there is much guess work—and local treatment is given for temporary comfort.

But to bring permanent relief we should go back of the effect and strike at the cause and invariably it is found in the spine. Thousands of children needlessly suffer from spinal defects which press on the nerves that supply life energy to some part of the body. It is this pressure that is the cause of ailment now and in later years.

Parents who exercise forethought in preparing their children for an abundant, healthy future, will have the young and growing spines examined regularly by a competent Chiropractor. If any spinal defect is found, don't hope for the child to outgrow it, because it invariably becomes worse; but have the defect corrected in time and save much future trouble.

CHIROPRACTIC The BETTER WAY to HEALTH

is wonderfully efficient in children's cases. Many weak, puny and undeveloped children have been brought back to health and strength through the aid of Chiropractic (ki-ro-prak-tic) spinal adjustments. Investigate Chiropractic and you'll immediotely recognize its merits.

Sherwood Eddy the best known and forceful missionary who is now in Europe, offers the following suggestions out of his broad experiences:

As we review the material and survey the present conditions in America, may we not agree that the war, with its aftermath of unrest and demand for reconstruction, teaches us, among others, the following great lessons?

1. A call to return to God.
2. To discover for ourselves and to share with our generation the deeper signifiicance of Jesus Christ in His life, death, resurrection and triumphant in dwellinby by the Spirit
3. A call for the churches frankly to recognize the extent to which we have failed to win for Christ and the Kingdom the virile manhood of our nation.
4. A call to ask ourselves personally in how far we have clearly perceived and are triumphantly proclaiming and living the rediscovery of the gospel, the dynamic good news which is the deepest need of our day as it was in the generation of the Apostles.
5. A call to a great advance in evangelism here and now in our own country to unite our forces, close up our divided and broken front and go forward as a living church to evangelize our nation, Christianize the social order and win the world for the Kingdom of God.

Out of 30,000 college students in Japan 27,000 enrolled as without religion. Ninety-five per cent of the gradautes go out into the world without faith in any religion. "Japan leads the Orient—but whither!"

All Employes Go to Church in the two largest stores of Shanghai, China—those of Wing On and Sincere. Christian services are held each Sunday morning on the roof garden of the stores. No employe is permitted to remain away without a sound excuse. "It is only right that as Christians we perform the work of evangelists," says the Chinese manager of one of the stores

CHINA FORGING AHEAD IN BUSINESS WAYS

American Gives Resume of Trade Investigations Made During Tour of World—China a Fertile Field for American Enterprise.

NEW YORK. — China, for centuries the unprogressive nation whose glory was in the past, is forging ahead in business ways that remind one of the aggressive American progress, William P. Bancker, general purchasing agent of the Western Electric Company, declared here today in a resume of trade investigations he had made during a six months' tour of the world.

"China presents a most fertile field for American enterprise," he said, "Despite an occasional military effort by some small minority, that nation is a hive of industry. Labor seems plentiful and, what is more important cheap. In fact the latter feature is so true that capital has a clear way for productive plans and new filled of effort.

Adopt American Methods.

"The Chinese business men, especially those who have been educated abroad, are adopting American and British methods and are forging ahead. Exchange is working to the advantage of China because of the rise in value of silver bullion, which works to the benefit of the big republic in its position in other countries."

India, ancient land of mystery also is making big strides commercially, with Americans there as in other far eastern territory laying foundations for future trade, Mr. Bancker said. The Hindoo is beginning to make himself an important factor in business and political circles, he continued, adding:

"It is remarkable how the average Asiatic as a result of foreign educational processes seems to be losing his reputation for self-effacing conservatism. Today you find him in positions of importance, competing with all sorts of foreign conditions."

Declare 10 Year Boycott.

Reverting to China, Mr. Banckersaid:

"One fact that Americans have to their advantage in China is the boycott which exists against the Japanese and German relations. The Combined Chinese Chambers of Commerce have gone on record as declaring a 10 year boycott against Germany and because of racial differences it is very improbable whether Japan will ever get a really strong foothold. Australia has been quick to jump into this breech and is now supplying quantities of foodstuffs which the Chinese use, but if we can promise any kind of a delivery and that is the really important condition which every one abroad is insisting upon nowadays, we should have no trouble in establishing firm trading relations.

"There is a certain sales psychology which must be remembered when dealing with the Chinaman and that is his respect for tradition. One foreign importer found himself unable for a time to dispose of a shipment of fruits which came in yellow colored cans, yellow being asciated in China with death, while on the other hand it has been found that goods cloaked in red, the symbol of luck are in eager demand."

BIG LEGAL BATTLE OVER BOUNDARY LINE

Texas-Oklahoma Boundary Suit Now Pending in Supreme Court Will Be One of the Greatest Legal Struggles in U. S. in Years.

Austin, Texas. — One of the greatest struggles the United States has ever known will develop from the Texas-Oklahoma boundary suit now pending in the United States supreme court, according to C. W. Taylor, Texas assistant attorney general. The United States, Oklahoma and Texas claims jurisdiction over the lands involved.

None of the factions in the three cornered fight is advancing claims for definite bodies of land this early in the struggle. In a general way Oklahoma claims that the south bank of the Red river as it flowed in 1819 when the treaty between Spain and the United States fixed the boundary between their respective holdings is the line. The United States supports the Oklahoma contention where Indian lands are involved and claims jurisdiction over these lands. Texas contends that the center of the present river bed is the boundary.

These conflicting claims leave the title to a strip of land along the meandering of the river for at least five hundred miles in doubt. Only the length of the strip is definitely set out in the claims. Its width varies from a few feet to several miles.

Texas will first contend for the middle of the river as the boundary, Mr. Taylor said, and if it loses this fight, will claim the ordinary high water mark of the present river as the south bank. Every foot of the land south of the high water mark on this side of the river will be contested. If Oklahoma's claim that the river has shifted north in places since the treaty was signed is allowed, he continued, Texas will ask that Oklahoma be required to prove every shift of the river which allows encroachment upon soil now held by Texas.

In rebuttal, he added, it is possible that Texas will attempt to prove that the river bed has shifted south in places, and thus placed Texas land on the Oklahoma side. Oklahoma has designated only one or two points where it is alleged the river has shifted north.

If the south bank of the river in 1819 is fixed as the boundary, Mr. Taylor said, the question of fixing the old bank of the stream will increase the magnitude of the suit, which will then resolve itself into a series of tangles with masses of evidence to support claims and counter claims at numerous points along the river.

The boundary between the two states has been disputed practically ever since the land was worth claiming. While Oklahoma was a territory the United States entered suit and recovered Greer county from Texas on the grounds that the south branch of the river, instead of the north branch was the boundary and that all the land in the forks of the river belonged to Oklahoma. But the dispute between the two states was held to local proportion until the discovery of oil on the Texas side in Wichita county. Then in November, 1919, Oklahoma claimed lands between the bluff and the edge of the river on the Texas side under the allegation that the river had shifted from the bluffs northward since the treaty was signed, and from this suit grew the one involving the whole boundary.

Practically all the land involved is held under the titles issued by either Texas or Okahoma. If jurisdiction over lands is changed, these titles will become void, it is said, and the property subject to resale by the state acquiring it, unless provisions are made to the contrary in the settlement of the suit.

The first hearing of this case before the supreme court is set for Nov. 15, when the question of whether the decision in the Greer county case shall apply in this suit will be submitted.

MUSIC EDUCATION.

Music is a vital, necessary element in general education. Appreciation of this fact is finding expression in new and significant ways. Community cooperation and underwriting of Symphony concerts and Artists' Courses by Rotary and Woman's clubs, countrywide agitation for a National Conservatory, a secretary of music in our cabinet, etc., show the increased interest of the laymen, "Music for the many, not the few." The more people we have educated musically, the more forceful constructive citizens we will develop for the community.

Intelligent, progressive parents realize the importance of beginning Music Education for their children during the early impressionable years. To you we are presenting our Children's Department, with new courses of unusual interest and appeal.

Children's Department.

Piano.

This Department is under the direction of Miss Belle Mehus, newly added to the College of Music faculty.

Miss Mehus is splendidly qualified for this work by virtue of ability and tranning combined with a strong personality and enthusiasm for the cause of elementary education in Music. The Department is organized according to the most progressive methods.

Class Work in piano playing is offered for beginners.

A Model School is conducted Saturday mornings, to which all private piano students are eligible without fee. These lessons, including rhythm, melody, harmony, etc, develop both musical and intellectual faculties. Thus we provide the fundamentals of genuine musicianship in an attractive form.

Violin.

The Department of Violin offers unusual opportunities in class work for beginners, under the personal instrction of Miss Clara C. Moore. Miss Moore has spent the past two summers in study with Mr. Carl Steckelberg, one of the greatest living exponents of class work. The keen interest in these classes as demonstrated by work in studio and public recital last year proves their appeal and worth. This is really a splendid opportunity for beginners to get a thorough fundamental training in Violin at a nominal fee.

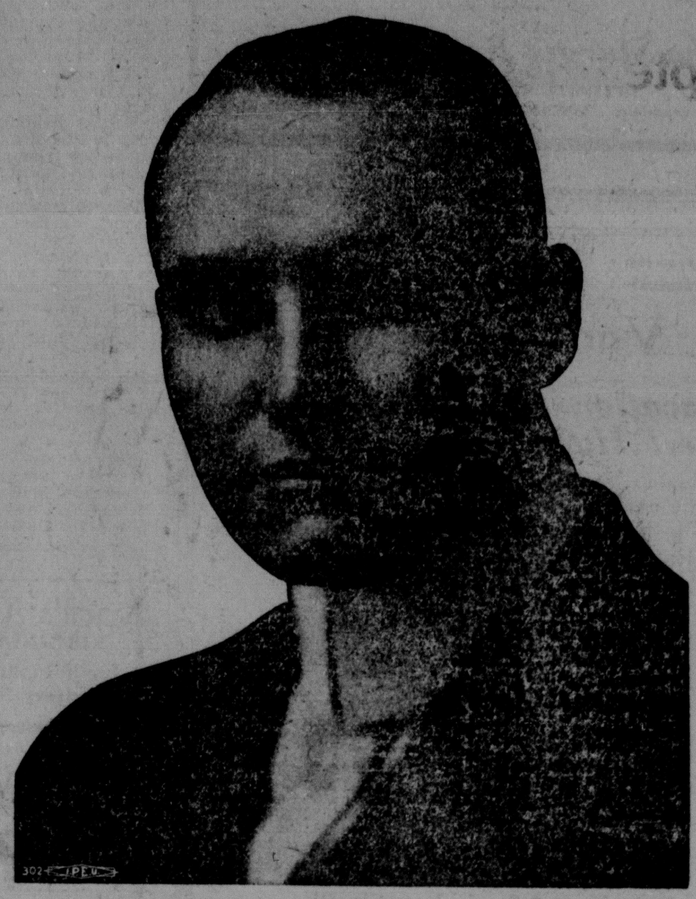

The College of Music is better prepared than ever this year to interest and care for all students of Music Education, either from a serious professional standpoint or that of general culture.

Director Pearson confers with parents and students daily; hours 9 to 12 a. m. Office in Music Hall: Illinois phone 1714 Illinois Woman's College. Special teachers may be seen by appointment after September 18.

Mr. and Mrs. John Baker from near Prentice have moved to the city for the purpose of educating their son.

HARD WORK BEST FOR MENTALLY UNBALANCED

According to Report of Jacksonville State Hospital Head Made to State Department of Public Welfare—Patients Enjoy the Change.

Springfield, Ill., Sept. 11.—Hard work is the best treatment for the mentally unbalanced person and a "busy hands and busy minds policy is showing excellent results at the Jacksonville State Hospital, according to a report made by its superintendent to the state department of public welfare.

Out of a population of 2,175 inmates, between 1,600 and 1,700 are reported engaged in useful occupations. More than 500 of these are men patients who are sent out from the hospital to work on farms in the surrounding territory.

The plan of sending these men out to work was begun as an experiment in the fall of 1916. Ten patients and a trained attendant then assisted several farmers in the harvesting of their crops.

In spite of some objection, the report continues, due to the doubt existing among the general public that these men could be capable of rational work and to the equally mistaken notion that most insane people are dangerous homicides, the practice was found to be mutually beneficial, and under the pressure of the increased demand for help larger groups were sent out.

At the present time apprehension of the public in the vicinity of the hospital has entirely disappeared, the superintendent of the institution says.

Usefulness of these patients has shown in various ways—in harvesting corn and wheat, cutting hay, picking fruit and planting potatoes. Only recently a new outside industry has been developed, the cutting of timber.

A lumber camp is maintained nine miles from the hospital, where fifty men are employed not only in cutting but in milling the timber. Another camp has been organized, and a third has been contracted for. In this, as in most of the other work, the patients operate on a 50-50 basis.

"Instead of being urged on we no longer find it a task to get patients to respond,' said the superintendent. "They enjoy the change to outside work and do not wish to remain in the wards. The mental level of reaction on the part of the patients has been raised to a higher state as a result. Patients are taken out in motor cars by farmers who seek their services to distances as great as thirty miles. The financial return is insignificant compared with the mental progress and improved physical condition which results."

Only those physically sick or infirm are not now engeged in some useful occupation, according to the superintendent's report. Women patients are employed in sewing, mending, fancy work, housework, gardening, and in keeping up the cleanliness of the hospital.

As an adjunct to industrial employment, classes of occupational therapy have been organized where patients more difficult to train can be re-educated into usefulness and from which they are graduated into work.

A Remarkable Gift Offer For Every Woman

What You Can Make of You!

You Can Have--And Keep--The Appealing Charm of a Youthful, Refined, Lovely Face

You Can Make Your Personal Charm Irresistible—Awaken Admiration and Delight—You Can Be Loved and Desired and Have Your Own Self-Respect Because of Your Superior Personality.

A Simple Discovery—Yet a Marvelous One

Have you ever noticed a man and woman dressed for a social function—the man freshly shaved, his face radiant with a natural glow; the woman so often either overly beautified or with a dull, lifeless complexion?

The average woman usually looks older than a man of the same age. Why?

A man's daily habit of shaving thoroughly cleanses the face—the massage action strengthens the muscles, preserving the contour and youthful appearance. He follows this with creams and powder, which protect the skin.

This is the whole secret. This simple discovery was responsible for the wonderful "Velvetina Complexion Treatment" for Women.

Ten Minutes a Day Is The Easy Price You Pay

If you are willing to give a little time each day to the proper care of your complexion you can make yourself truly beautiful—you can have the highest compliment paid to woman, that of being well groomed.

The "Velvetina Book" tells you how.

Velvetina Book FREE With the "Velvetina Complexion Treatment"

This Wonderful Book tells you how to spend a few minutes a day and have the appealing charm of a youthful, refined, lovely face.

ILLINOIS COLLEGE NOTES

Indications are that "Old Illinois" will have the largest registration in its history this fall. Every available room has been taken at Academy Hall, the girls' dormitory, and Crampton Hall is also filled, with the exception of about two rooms. The trustees have repaired and refurnished several rooms at Academy Hall which have not been used for many years.

The trustees are negotiating at present, with the Insurance companies for an adjustment on the fire loss on the Sturtevant building. Consideration is also being given to plans for some remodeling of the building on the interior so as to adapt the rooms, more adequately to laboratory purposes. Orders were placed sometime ago ofr chemical desks, apparatus and chemicals. The chemical supplies have already been shipped and it is expected that the desks will be here within a few days after the opening of College. As previously announced, the chemical laboratory will be temporarily installed in the gymnasium. The lecture work in chemisty will start as usual on the opening of College and it is expected that the laboratory work will be under way within a week or two after the opening of school. Work in biology will start as usual, provision being made for this work on the second floor of the Whipple building. Since most of the supplies and equipment in biology were saved, there is not much difficulty in starting this work. Registration days in all departments will occur on Monday and Tuesday, September 20 and 21.

Dr. R. H. Lacey aud his family returned to town on Thursday. They will reside in their former home on Diamond Court.

Registrar Roy F. Swift and family have moved into Miss Meyer's home on Woodland Place.

Professor Francis I. Moate and wife have rented quarters for the year in the Kellogg home on Grove street. Prof. Moates is the new professor of history and political science. He comes to the College from Montant Wesleyan College. During the war he was a first lieutenant in Siberia.

Prof. Ralph H. Linkins, who was recently appointed full Professor of Biology at the Illinois State Normal University is an alumnus of Illinois College. He received a large part of his training in biology under Professor Isabel S Smith.

Considerable repair work has been done about the campus during the summer. The club house and President's home have been repainted, and an improved bath room with showers has been installed at Academy Hall.

Mrs. Jeanette Ogden, the head of Academy Hall returned a few days ago.

Mr. Clayton C. Quast, the new instructor in voice has been in town for several days. He has begun his work in the choir of the State Street church. Students who wish to reserve time with Mr. Quast can make an appointment to confer with him at Academy Hall. In addition to his skill as an instructor, Mr. Quast is a singer of more than usual ability.

Families and merchants who may wish to employ student labor should communicate with President Ramelkamp.

NEW VOTING QUARTERS SUGGESTED

Editor Journal:-

If the court decided that Marion Meadows cannot rent the space next to the Court House and erect his shoe shining stand there, I am sure that the voters of the precinct would appreciate the finishing of the building for a place for balloting at future elections. The quarters as now used in the basement are not desirable and I am sure ladies would appreciate the location I suggest.

VOTE FOR CHARLES L. HANKINS FOR CORONER

Charles L. Hankins was the first man to announce his candidacy for the nomination for the office of coroner on the Republican ticket, and ffrom then to now "Charley" has conducted a vigorous campaign for the nomination, depending almost entirely upon newspaper publicity and the assistance of a host of friends in pall parties. It is admitted that he will receive a great many Democratic votes if he succeeds in getting the nomination. He regrets that it has been and will be impossible for him to make a canvass of the county and meet his friends personally, lacking both the means and time. He has a small business, doing his own work, and an average sized family is dependent upon that business for support. As to his qualifications and ability there is no question. He is not connected with any clique or faction, is making no promises to any one and therefore will be able to divide the patronage of the office impartionally. He is confident that he can discharge the duties of the office correctly and honestly, and his friends and acquaintances know that the salary of the office would be a great lift to a man in his circumstances.

Charley says, "If you have no good reason to vote against me, vote FOR me." That sounds fair enough and has just about enough independence about it to make it sound good to the voters. He will appreciate your support.

HARD WORK BEST FOR MENTALLY UNBALANCED

According to Report of Jacksonville State Hospital Head Made to State Department of Public Welfare—Patients Enjoy the Change.

Springfield, Ill., Sept. 11.—Hard work is the best treatment for the mentally unbalanced person and a "busy hands and busy minds policy is showing excellent results at the Jacksonville State Hospital, according to a report made by its superintendent to the state department of public welfare.

Out of a population of 2,175 inmates, between 1,600 and 1,700 are reported engaged in useful occupations. More than 500 of these are men patients who are sent out from the hospital to work on farms in the surrounding territory.

The plan of sending these men out to work was begun as an experiment in the fall of 1916. Ten patients and a trained attendant then assisted several farmers in the harvesting of their crops.

In spite of some objection, the report continues, due to the doubt existing among the general public that these men could be capable of rational work and to the equally mistaken notion that most insane people are dangerous homicides, the practice was found to be mutually beneficial, and under the pressure of the increased demand for help larger groups were sent out.

At the present time apprehension of the public in the vicinity of the hospital has entirely disappeared, the superintendent of the institution says.

Usefulness of these patients has shown in various ways—in harvesting corn and wheat, cutting hay, picking fruit and planting potatoes. Only recently a new outside industry has been developed, the cutting of timber.

A lumber camp is maintained nine miles from the hospital, where fifty men are employed not only in cutting but in milling the timber. Another camp has been organized, and a third has been contracted for. In this, as in most of the other work, the patients operate on a 50-50 basis.

"Instead of being urged on we no longer find it a task to get patients to respond,' said the superintendent. "They enjoy the change to outside work and do not wish to remain in the wards. The mental level of reaction on the part of the patients has been raised to a higher state as a result. Patients are taken out in motor cars by farmers who seek their services to distances as great as thirty miles. The financial return is insignificant compared with the mental progress and improved physical condition which results."

Only those physically sick or infirm are not now engeged in some useful occupation, according to the superintendent's report. Women patients are employed in sewing, mending, fancy work, housework, gardening, and in keeping up the cleanliness of the hospital.

As an adjunct to industrial employment, classes of occupational therapy have been organized where patients more difficult to train can be re-educated into usefulness and from which they are graduated into work.

Women Citizens of Illinois

Women of Illinois—yours is a glorious opportunity! Go to the polls on Wednesday, September 15. So mark your ballots that when the vote is counted it can be said that the women of Illinois helped nominate a legislature which will stand for enforcement of prohibition.

The contest by the wets to break down the Eighteenth Amendment through the election of wet legislatures and a wet congress is on all over the United States. But IN ILLINOIS ONLY will it be possible to know just exactly how the women voters used their ballots because IN ILLINOIS only will the votes by women be cast and counted separately from those of the men.

If the women of Illinois show by their ballots that they stand by the constitution for law and order it will add to their fame and honor. It will be a thrilling inspiration to women everywhere. It will be a quick and convincing justification of full suffrage. It will be a decisive and conclusive answer to those who asserted that votes by women would not be used to advance the highest interests of the nation.

Prohibition is in danger.

Your help is needed to prevent nullification of the Eighteenth Amendment.

Prohibition helped women gain full suffrage just in time for women to help complete the prohibition victory.

The liquor traffic fought to keep women away from the ballot box because they wanted to put friends of the liquor traffic into public office.

Do not let them gain by your failure to vote right what they tried to gain by opposing your right to vote.

The most important thing granted Illinois women by full suffrage is the right to help elect our state and national law-makers.

The most important use Illinois women can make of this new power is to help nominate and elect congressmen and state legislators who will protect and strengthen prohibition enforcement laws.

The anti-suffrage record of the wets and the anti-saloon record of Illinois women leave no doubt that the women are opposed to the liquor program of nullification.

There is danger, however, that many may fail to realize the importance of nominating dry legislators and congressmen at the primaries on Wednesday, September 15.

Women of Morgan County—vote for candidates indorsed by the Anti-Saloon League. In no other way can you now strike effectively against the greatest enemy of the rights and ideals of American womanhood. In no other way can you use your equal citizenship power in support of prohibition enforcement legislation. —Adv.

THE MUNICIPAL LEGAL BUREAU

There was a most interesting article in the Journal describing this much needed organization.

Every patriotic man and woman rejoiced when they read it.

In Finland, that little wide awake nation, a leader in progressive civic government have a very simple and successful method of instructing their young people in the laws of their own country.

Every reader published for their public schools, from the primary to the seniors, contain lessons upon the laws of Finland, Beginning in the primaries with lessons suitable for little children, to when a young man or maiden graduates from their public schools, they are well versed in law and are not victims thru ignorance of the laws of their own native land

Sometime we may decide that will be a good plan for our schools. Meanwhile we can rejoice in the Municipal League Bureau established by the true patriots of our land.

Women of Illinois—yours is a glorious opportunity! Go to the polls on Wednesday, September 15. So mark your ballots that when the vote is counted it can be said that the women of Illinois helped nominate a legislature which will stand for enforcement of prohibition.

The contest by the wets to break down the Eighteenth Amendment through the election of wet legislatures and a wet congress is on all over the United States. But IN ILLINOIS ONLY will it be possible to know just exactly how the women voters used their ballots because IN ILLINOIS only will the votes by women be cast and counted separately from those of the men.

If the women of Illinois show by their ballots that they stand by the constitution for law and order it will add to their fame and honor. It will be a thrilling inspiration to women everywhere. It will be a quick and convincing justification of full suffrage. It will be a decisive and conclusive answer to those who asserted that votes by women would not be used to advance the highest interests of the nation.

Prohibition is in danger.

Your help is needed to prevent nullification of the Eighteenth Amendment.

Prohibition helped women gain full suffrage just in time for women to help complete the prohibition victory.

The liquor traffic fought to keep women away from the ballot box because they wanted to put friends of the liquor traffic into public office.

Do not let them gain by your failure to vote right what they tried to gain by opposing your right to vote.

The most important thing granted Illinois women by full suffrage is the right to help elect our state and national law-makers.

The most important use Illinois women can make of this new power is to help nominate and elect congressmen and state legislators who will protect and strengthen prohibition enforcement laws.

The anti-suffrage record of the wets and the anti-saloon record of Illinois women leave no doubt that the women are opposed to the liquor program of nullification.

There is danger, however, that many may fail to realize the importance of nominating dry legislators and congressmen at the primaries on Wednesday, September 15.

Women of Morgan County—vote for candidates indorsed by the Anti-Saloon League. In no other way can you now strike effectively against the greatest enemy of the rights and ideals of American womanhood. In no other way can you use your equal citizenship power in support of prohibition enforcement legislation. —Adv.

LEE TIRE CONSISTENCY

Lee Tires continue to roll up records that surprise car owners

In every State; in cities; in the country; on small cars and on big ones; on business and passenger cars Lee Tires are delivering the superior service that is built into them at the factory.

Such consistent performance indicates a high degree of uniformity.

When Lee Tires leave the factory they are as perfect as the newest, high grade materials, expert workmanship and a rigid inspection service can make them.

Motorists appreciate the reliance they are able to place in Lee Tires. We'd like to show you why they'll win your confidence.

The Lee Tire Distributor

The Zig-Zag Tread

Mechanically and scientifically correct for greatest security under all road conditions. The △ and ▽ shaped cups alternate on both sides of the extra wide, heavy tread. Skidding is minimized. Parallel Bar Bases of the "Pine Tree" and straight Center Line of tread are thick rubber studs that assist in keeping the wheels "head on."

THE MUNICIPAL LEGAL BUREAU

There was a most interesting article in the Journal describing this much needed organization.

Every patriotic man and woman rejoiced when they read it.

In Finland, that little wide awake nation, a leader in progressive civic government have a very simple and successful method of instructing their young people in the laws of their own country.

Every reader published for their public schools, from the primary to the seniors, contain lessons upon the laws of Finland. Beginning in the primaries with lessons suitable for little children, to when a young man or maiden graduates from their public schools, they are well versed in law and are not victims thru ignorance of the laws of their own native land

Sometime we may decide that will be a good plan for our schools. Meanwhile we can rejoice in the Municipal League Bureau established by the true patriots of our land.

J. E. OSBORNE

Candidate for Republican Nomination for
COUNTY COMMISSIONER

All my life has been spent in Morgan County and the record, whatever it may be, is open to public inspection.

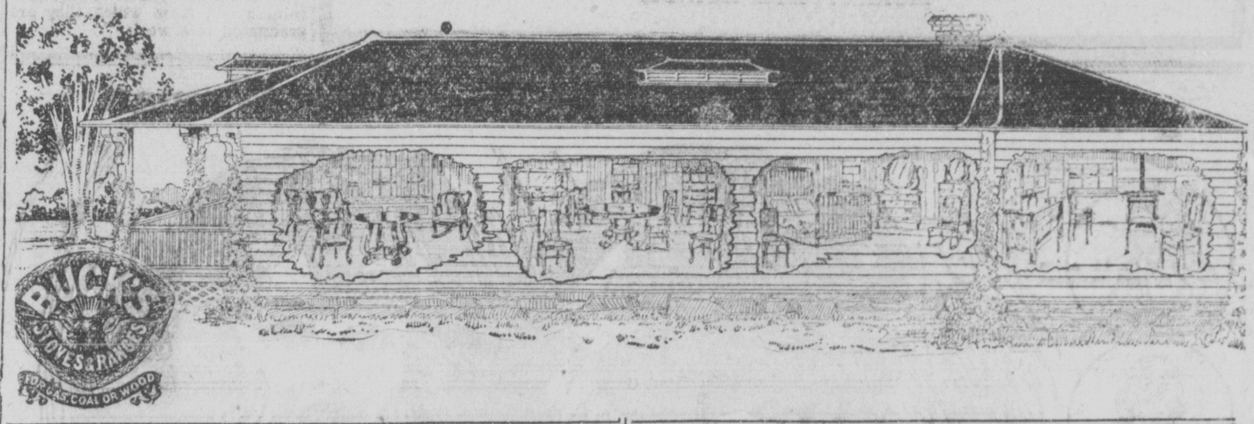

While now a resident of Jacksonville, because of school advantages, most of my business is conducted in Murrayville.

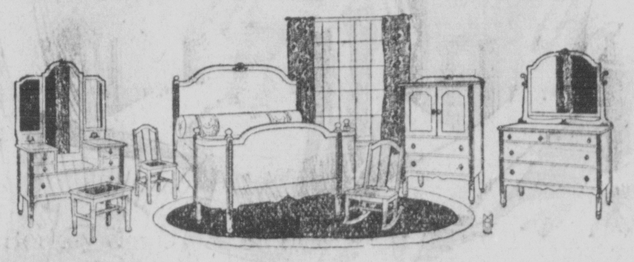

I am actively engaged in business and hope to keep at work for years to come. However, I can readily devote to the duties of the County Board all necessary time and am ready and willing to serve if the people believe that I can fill the office satisfactorily.

I believe in a continued effort for good roads thru draining and dragging.

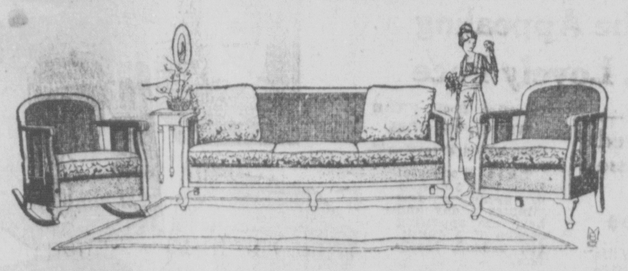

A county officer should apply to county business the same interest and discretion that he applies to his private business.

Daily Market Report

WHEAT DISPLAYED FINE FORM SATURDAY

CHICAGO, Sept. 11.—Wheat displayed a firm tone today while coarse grains were off. At the finish wheat showed a net gain of 1c with December $2.47 and March $2.42 3-4; corn was ¼ to 7-8c net lower; oats were 3-8c lower to ¼c higher and provisions were unchanged to 35c up.

There was a strong undertone in wheat and prices averaged higher because of buying of December in order to remove hedges against sales of cash grain at the gulf to exporters. Australian news was regarded as rather bullish while unsettled political situation in Italy also attracted attention as that country has been a free buyer of late. Corn averged lower on local and commission house selling. A great deal of week-end evening up was under way toward the last on account of the relatively low temperatures in the Canadian northwest. Oats were dull but rallied after an early decline.

Packers were good buyers of lard and ribs and prices advanced to a new high level for the week.

STOCKS WERE UNDER INCESSANT PRESSURE

NEW YORK, Sept. 11.—Stocks were under incessant pressure during the day's brief trading period on the further weakness of foreign exchange and lack of constructive developments.

Oils, steels, equipments, investments, rails, shippings and motors were the center of bearish activity at extreme reactions of 1 to 3 points, with feeble recoveries at the close. Sales amounted to 225,000 shares.

The reaction in exchange forced the British rate below 350, the lowest quotation for demand bills since the early part of last March. French, Belgian, Italian and German remittances also broke sharply in the face of the most extensive gold import movement of the year.

The commercial agencies reported improvement in some lines of business but reports from industrial centers were of a cautionary character.

The clearing house statement was favorable, actual loans and discounts showing another substantial contraction, with a very moderate decrease of excess reserves. Net demand deposits increased by slightly over $24,000,000 more than offsetting last week's decrease.

Bonds reacted with stocks most domestic issues, including liberties, losing ground. An exception was again provided by the new French issue which increased its premium to 1 1-8c. Total sales (par value) aggregated $4,150,000.

Daily Market Report

WHEAT DISPLAYED FINE FORM SATURDAY

CHICAGO, Sept. 11.—Wheat displayed a firm tone today while coarse grains were off. At the finish wheat showed a net gain of 1c with December $2.47 and March $2.42 3-4; corn was ¼ to 7-8c net lower; oats were 3-8c lower to ¼c higher and provisions were unchanged to 35c up.

There was a strong undertone in wheat and prices averaged higher because of buying of December in order to remove hedges against sales of cash grain at the gulf to exporters. Australian news was regarded as rather bullish while unsettled political situation in Italy also attracted attention as that country has been a free buyer of late. Corn averged lower on local and commission house selling. A great deal of weekend evening up was under way toward the last on account of the relatively low temperatures in the Canadian northwest. Oats were dull but rallied after an early decline.

Packers were good buyers of lard and ribs and prices advanced to a new high level for the week.

STOCKS WERE UNDER INCESSANT PRESSURE

NEW YORK, Sept. 11.—Stocks were under incessant pressure during the day's brief trading period on the further weakness of foreign exchange and lack of constructive developments.

Oils, steels, equipments, investments, rails, shippings and motors were the center of bearish activity at extreme reactions of 1 to 3 points, with feeble recoveries at the close. Sales amounted to 225,000 shares.

The reaction in exchange forced the British rate below 350, the lowest quotation for demand bills since the early part of last March. French, Belgian, Italian and German remittances also broke sharply in the face of the most extensive gold import movement of the year.

The commercial agencies reported improvement in some lines of business but reports from industrial centers were of a cautionary character.

The clearing house statement was favorable, actual loans and discounts showing another substantial contraction, with a very moderate decrease of excess reserves. Net demand deposits increased by slightly over $24,000,000 more than offsetting last week's decrease.

Bonds reacted with stocks most domestic issues, including liberties, losing ground. An exception was again provided by the new French issue which increased its premium to 1 1-8c. Total sales (par value) aggregated $4,150,000.

POPULATION FIGURES FOR THE PAST CENTURY

Indicate That Thirty-Four Million Immigrants Have Entered U. S. in Past Century—Population Increases Ninety-Seven Millions in Same Period.

WASHINGTON, Sept.—Thirty four millions immigrants have entered the United States in the past century. In the same time the population of the country has increased 97,000,000.

Until the world war the effect of immigration on the population increase was very marked, amounting to more than 50 per cent in the decade ending in 1910. It exceeded 40 per cent in th ten years ending with the present year and immigration bureau officials are of the opinion that had the war not intervened the percentage for this decade would have been greater than that of the last.

During the first 10 years of the century or from 1820 to 1830 the number of immigrants arriving in the United States was less than one per cent of the in-tered the country making the crease in population, the figures being 143,439 immigrants and 3,227567 population increase. In the most next ten years this one per cent had grown to 12, the census of 1840 showing a population of 17,069,453 with an increase of 4,203,433 while during the same period 599,125 immigrants entered the country.

In the next decade ended in 1850 the population increased 6,-122,423 while immigration totalled 1,713,251 or slightly more than 16 per cent.

In the ten years ended in 1860 the population increase was 8,-251,445 while immigrants entering the country numbered 2,-598,214 or more than 25 per cent of the population increase.

The next decade saw the population increase 7,115,050 and immigration totalled 2,314,824 or slightly more than 28 per cent. The percentage decreased during the ten years ended with 1880 owing to an unusually large increase in population. This increase was 11,597,412 while the total of immigration was 2,812,191 or about 19 per cent. In the decade ended in 1890 the population increased 12,791,931 while 5,246,613 immigrants entered the country making the percentage about 42 per cent.

In the succeeding decade ended in 1900 there was a sharp decrease in immigration with the result that persons coming into the country represented only about 23 per cent of the population increase. This was 13,046,-861 while the number of immigrants arriving was 3,844,420.

While the population increase remained at about the same ratio during the decade ending in 1910 there was a very decided increase in the number of immigrants, the former being 15,977,-691 and the latter 8,759,386.

Estimated Increase This Decade.

The estimated increase for the ten years ended this year (1920) is 14,000,000 while the total number of immigrants during this period was 6,100,000. The percentage ratio thus was only about 43 per cent, this being due to the falling off in immigration during the four years of the world war.

Of the 34,000,000 immigrants entering the country in the last 100 years, nearly one fourth of them, or 8,205,675 came from England, Ireland, Scotland and Wales. Germany furnished the second largest number, 5,495,539 and Italy the third largest, 4,-100,700. Austria-Hungary was next behind Italy with 4,068,448, while Russia was fifth with 3,-311,406. The Scandinavian countries, Denmark, Norway and Sweden, have sent 2,134,414 of their citizens to the United States.

The total of immigration from France in the 100 years has been 523,806, the largest number from that country ,20,126, coming here in 1851. Switzerland has sent 256,701 persons to the United States and the Netherlands 214,508. British North America, including Canada, has sent 824,450 and Mexico 217,-256.

Sent Smallest Number.

Belgium and Rumania have sent the smallest number of any of the European countries, the total for the former being 76,-587 and for the latter 76,222. It was not until 1894 that the nationals of these two countries as well as those of Portugal, Greece and Turkey began coming across the Atlantic in any appreciable numbers.

The total immigrants have numbered 288,398, beginning in 1853 with 42 and virtually ending in 1883 with 8,031. The peak was in 1882 when 39,579 Chinese arrived. Chinese exclusion laws became effective about that time.

Immigration from Japan was first taken note of in 1892 and reached its peak of 30,226 in the year 1907. In 1910, 10,064 Japanese entered the United States, while the total for the 27 years was 229,030.

From countries not specified, including parts of Poland, Serbia and many others have come a total of 2,100,000.

At the outset England, Ireland, Scotland and Wales furnished the bulk of the immigrants, the largest totals from the British Isles, 272,740 coming over in 1851. By that time there also was a large flow of immigrants from Germany, the total in 1853 being 215,009, or the largest in any one year except 1882 when the high mark of 250,630 was reached.

Immigration Decreases.

Immigration from the British Isles began to decrease in 1853 fluctuating between 32,000 and 160,000. In the 12 years preceding the world war the number of immigrants from those isles averaged about 80,000 annually.

The tide from Germany began to turn in 1887 and since that time the number of immigrants arriving here has steadily decreased, reaching the low mark of 35,734 in the year before the world war.

At about the same time that immigration from the British Isles and Germany began to decrease that from Italy, Austria-Hungary and Russia advanced rapidly. It was not until 1891 that the number of immigrants from Italy passed the 50,000 mark. It averaged slightly better than that total for the succeeding ten years and then increased almost every year, attaining a record of 285,731 in 1907. The year before the world war it was 283,734.

Russia's High Marks.

Immigration from Austria-Hungary exceeded 50,000 in 1901, went to 100,000 in 1902, reached the high mark of 338,-452 in 1907 and was 278,152 the year before the war. Russia did not pass the 50,000 mark until 1899 and it was not until 1902 that immigration from that country exceeded 100,000. The high mark, 291,040 was made in 1913.

The peak of the movement from the Scandinavian countries was reached in 1882 with 105,-326. It gradually decreased thereafter until it was only 26,-851, in 1895. The total the year before the war was 29,391.

In only six years of the 100 has the total of immigrants entering the country exceeded 1,-000,000. Twenty thousand more than that number entered in 1905, in 1906 the total was 1,100,000 and in 1907 it reached the record of 1,285,349. The million mark was not reached again until 1910, the total for that year being 1,041,570.

Two years again elapsed before the million mark was reached, the total for 1913 being 1,197,8992. In the year that the world war began 1,218,480 aliens passed into American ports, but in the first year of the war this total had decreased to 326,700. In 1916 it was 298,-826. In 1917, 295,403; in 1918, 110,618 and in 1919 it was 141,132.

POPULATION FIGURES FOR THE PAST CENTURY

Indicate That Thirty-Four Million Immigrants Have Entered U. S. in Past Century—Population Increases Ninety-Seven Millions in Same Period.

WASHINGTON, Sept.—Thirty four millions immigrants have entered the United States in the past century. In the same time the population of the country has increased 97,000,000.

Until the world war the effect of immigration on the population increase was very marked, amounting to more than 50 per cent in the decade ending in 1910. It exceeded 40 per cent in th ten years ending with the present year and immigration bureau officials are of the opinion that had the war not intervened the percentage for this decade would have been greater than that of the last.

During the first 10 years of the century or from 1820 to 1830 the number of immigrants arriving in the United States was less than one per cent of the in-tered the country making the crease in population, the figures being 143,439 immigrants and 3,227567 population increase. In the most next ten years this one per cent had grown to 12, the census of 1840 showing a population of 17,069,453 with an increase of 4,203,433 while during the same period 599,125 immigrants entered the country.

In the next decade ended in 1850 the population increased 6,-122,423 while immigration totalled 1,713,251 or slightly more than 16 per cent.

In the ten years ended in 1860 the population increase was 8,-251,445 while immigrants entering the country numbered 2,-598,214 or more than 25 per cent of the population increase.

The next decade saw the population increase 7,115,050 and immigration totalled 2,314,824 or slightly more than 28 per cent. The percentage decreased during the ten years ended with 1880 owing to an unusually large increase in population. This increase was 11,597,412 while the total of immigration was 2,812,191 or about 19 per cent. In the decade ended in 1890 the population increased 12,791,931 while 5,246,613 immigrants entered the country making the percentage about 42 per cent.
